

**DISCLOSURE REGARDING
REAL ESTATE AGENCY RELATIONSHIP**

(Seller's Brokerage Firm to Seller)
(As required by the Civil Code)
(C.A.R. Form AD, Revised 12/18)

(If checked) This form is being provided in connection with a transaction for a leasehold interest exceeding one year as per Civil Code section 2079.13(j), (k) and (l).

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should from the outset understand what type of agency relationship or representation you wish to have with the agent in the transaction.

SELLER'S AGENT

A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or a subagent of that agent has the following affirmative obligations:

To the Seller: A Fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Seller.

To the Buyer and the Seller:

- (a) Diligent exercise of reasonable skill and care in performance of the agent's duties.
- (b) A duty of honest and fair dealing and good faith.
- (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties. An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

BUYER'S AGENT

A Buyer's agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations:

To the Buyer: A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Buyer.

To the Buyer and the Seller:

- (a) Diligent exercise of reasonable skill and care in performance of the agent's duties.
- (b) A duty of honest and fair dealing and good faith.
- (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties. An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

AGENT REPRESENTING BOTH SELLER AND BUYER

A real estate agent, either acting directly or through one or more salespersons and broker associates, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer.

In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer:

- (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either the Seller or the Buyer.
- (b) Other duties to the Seller and the Buyer as stated above in their respective sections.

In representing both Seller and Buyer, a dual agent may not, without the express permission of the respective party, disclose to the other party confidential information, including, but not limited to, facts relating to either the Buyer's or Seller's financial position, motivations, bargaining position, or other personal information that may impact price, including the Seller's willingness to accept a price less than the listing price or the Buyer's willingness to pay a price greater than the price offered.

SELLER AND BUYER RESPONSIBILITIES

Either the purchase agreement or a separate document will contain a confirmation of which agent is representing you and whether that agent is representing you exclusively in the transaction or acting as dual agent. Please pay attention to that confirmation to make sure it accurately reflects your understanding of your agent's role.

The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect his or her own interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional.

If you are a Buyer, you have the duty to exercise reasonable care to protect yourself, including as to those facts about the property which are known to you or within your diligent attention and observation.

Both Sellers and Buyers should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

Throughout your real property transaction you may receive more than one disclosure form, depending upon the number of agents assisting in the transaction. The law requires each agent with whom you have more than a casual relationship to present you with this disclosure form. You should read its contents each time it is presented to you, considering the relationship between you and the real estate agent in your specific transaction. **This disclosure form includes the provisions of Sections 2079.13 to 2079.24, inclusive, of the Civil Code set forth on page 2. Read it carefully. I/WE ACKNOWLEDGE RECEIPT OF A COPY OF THIS DISCLOSURE AND THE PORTIONS OF THE CIVIL CODE PRINTED ON THE BACK (OR A SEPARATE PAGE).**

CIVIL CODE SECTIONS 2079.13 – 2079.24 (2079.16 APPEARS ON THE FRONT)

2079.13. As used in Sections 2079.7 and 2079.14 to 2079.24, inclusive, the following terms have the following meanings:

(a) "Agent" means a person acting under provisions of Title 9 (commencing with Section 2295) in a real property transaction, and includes a person who is licensed as a real estate broker under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code, and under whose license a listing is executed or an offer to purchase is obtained. The agent in the real property transaction bears responsibility for that agent's salespersons or broker associates who perform as agents of the agent. When a salesperson or broker associate owes a duty to any principal, or to any buyer or seller who is not a principal, in a real property transaction, that duty is equivalent to the duty owed to that party by the broker for whom the salesperson or broker associate functions. (b) "Buyer" means a transferee in a real property transaction, and includes a person who executes an offer to purchase real property from a seller through an agent, or who seeks the services of an agent in more than a casual, transitory, or preliminary manner, with the object of entering into a real property transaction. "Buyer" includes vendee or lessee of real property. (c) "Commercial real property" means all real property in the state, except (1) single-family residential real property, (2) dwelling units made subject to Chapter 2 (commencing with Section 1940) of Title 5, (3) a mobilehome, as defined in Section 798.3, (4) vacant land, or (5) a recreational vehicle, as defined in Section 799.29. (d) "Dual agent" means an agent acting, either directly or through a salesperson or broker associate, as agent for both the seller and the buyer in a real property transaction. (e) "Listing agreement" means a written contract between a seller of real property and an agent, by which the agent has been authorized to sell the real property or to find or obtain a buyer, including rendering other services for which a real estate license is required to the seller pursuant to the terms of the agreement. (f) "Seller's agent" means a person who has obtained a listing of real property to act as an agent for compensation. (g) "Listing price" is the amount expressed in dollars specified in the listing for which the seller is willing to sell the real property through the seller's agent. (h) "Offering price" is the amount expressed in dollars specified in an offer to purchase for which the buyer is willing to buy the real property. (i) "Offer to purchase" means a written contract executed by a buyer acting through a buyer's agent that becomes the contract for the sale of the real property upon acceptance by the seller. (j) "Real property" means any estate specified by subdivision (1) or (2) of Section 761 in property, and includes (1) single-family residential property, (2) multiunit residential property with more than four dwelling units, (3) commercial real property, (4) vacant land, (5) a ground lease coupled with improvements, or (6) a manufactured home as defined in Section 18007 of the Health and Safety Code, or a mobilehome as defined in Section 18008 of the Health and Safety Code, when offered for sale or sold through an agent pursuant to the authority contained in Section 10131.6 of the Business and Professions Code. (k) "Real property transaction" means a transaction for the sale of real property in which an agent is retained by a buyer, seller, or both a buyer and seller to act in that transaction, and includes a listing or an offer to purchase. (l) "Sell," "sale," or "sold" refers to a transaction for the transfer of real property from the seller to the buyer and includes exchanges of real property between the seller and buyer, transactions for the creation of a real property sales contract within the meaning of Section 2985, and transactions for the creation of a leasehold exceeding one year's duration. (m) "Seller" means the transferor in a real property transaction and includes an owner who lists real property with an agent, whether or not a transfer results, or who receives an offer to purchase real property of which he or she is the owner from an agent on behalf of another. "Seller" includes both a vendor and a lessor of real property. (n) "Buyer's agent" means an agent who represents a buyer in a real property transaction.

2079.14. A seller's agent and buyer's agent shall provide the seller and buyer in a real property transaction with a copy of the disclosure form specified in Section 2079.16, and shall obtain a signed acknowledgment of receipt from that seller and buyer, except as provided in Section 2079.15, as follows: (a) The seller's agent, if any, shall provide the disclosure form to the seller prior to entering into the listing agreement. (b) The buyer's agent shall provide the disclosure form to the buyer as soon as practicable prior to execution of the buyer's offer to purchase. If the offer to purchase is not prepared by the buyer's agent, the buyer's agent shall present the disclosure form to the buyer not later than the next business day after receiving the offer to purchase from the buyer.

2079.15. In any circumstance in which the seller or buyer refuses to sign an acknowledgment of receipt pursuant to Section 2079.14, the agent shall set forth, sign, and date a written declaration of the facts of the refusal.

2079.16 Reproduced on Page 1 of this AD form.

2079.17(a) As soon as practicable, the buyer's agent shall disclose to the buyer and seller whether the agent is acting in the real property transaction as the buyer's agent, or as a dual agent representing both the buyer and the seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller, the buyer, and the buyer's agent prior to or coincident with execution of that contract by the buyer and the seller, respectively. (b) As soon as practicable, the seller's agent shall disclose to the seller whether the seller's agent is acting in the real property transaction as the seller's agent, or as a dual agent representing both the buyer and seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller and the seller's agent prior to or coincident with the execution of that contract by the seller.

(d) The disclosures and confirmation required by this section shall be in addition to the disclosure required by Section 2079.14. An agent's duty to provide disclosure and confirmation of representation in this section may be performed by a real estate salesperson or broker associate affiliated with that broker.

2079.18 (Repealed pursuant to AB-1289)

2079.19 The payment of compensation or the obligation to pay compensation to an agent by the seller or buyer is not necessarily determinative of a particular agency relationship between an agent and the seller or buyer. A listing agent and a selling agent may agree to share any compensation or commission paid, or any right to any compensation or commission for which an obligation arises as the result of a real estate transaction, and the terms of any such agreement shall not necessarily be determinative of a particular relationship.

2079.20 Nothing in this article prevents an agent from selecting, as a condition of the agent's employment, a specific form of agency relationship not specifically prohibited by this article if the requirements of Section 2079.14 and Section 2079.17 are complied with.

2079.21 (a) A dual agent may not, without the express permission of the seller, disclose to the buyer any confidential information obtained from the seller. (b) A dual agent may not, without the express permission of the buyer, disclose to the seller any confidential information obtained from the buyer. (c) "Confidential information" means facts relating to the client's financial position, motivations, bargaining position, or other personal information that may impact price, such as the seller is willing to accept a price less than the listing price or the buyer is willing to pay a price greater than the price offered. (d) This section does not alter in any way the duty or responsibility of a dual agent to any principal with respect to confidential information other than price.

2079.22 Nothing in this article precludes a seller's agent from also being a buyer's agent. If a seller or buyer in a transaction chooses to not be represented by an agent, that does not, of itself, make that agent a dual agent.

2079.23 A contract between the principal and agent may be modified or altered to change the agency relationship at any time before the performance of the act which is the object of the agency with the written consent of the parties to the agency relationship.

2079.24 Nothing in this article shall be construed to either diminish the duty of disclosure owed buyers and sellers by agents and their associate licensees, subagents, and employees or to relieve agents and their associate licensees, subagents, and employees from liability for their conduct in connection with acts governed by this article or for any breach of a fiduciary duty or a duty of disclosure.

AD REVISED 12/18 (PAGE 2 OF 2)
DISCLOSURE REGARDING REAL ESTATE AGENCY RELATIONSHIP (AD PAGE 2 OF 2)

POSSIBLE REPRESENTATION OF MORE THAN ONE BUYER OR SELLER - DISCLOSURE AND CONSENT

(C.A.R. Form PRBS, Revised 12/18)

A real estate broker (Broker), whether a corporation, partnership or sole proprietorship, may represent more than one buyer or seller. This multiple representation can occur through an individual licensed as a broker or salesperson or through different individual broker's or salespersons (associate licensees) acting under the Broker's license. The associate licensees may be working out of the same or different office locations.

Multiple Buyers: Broker (individually or through its associate licensees) may be working with many prospective buyers at the same time. These prospective buyers may have an interest in, and make offers on, the same properties. Some of these properties may be listed with Broker and some may not. Broker will not limit or restrict any particular buyer from making an offer on any particular property whether or not Broker represents other buyers interested in the same property.

Multiple Sellers: Broker (individually or through its associate licensees) may have listings on many properties at the same time. As a result, Broker will attempt to find buyers for each of those listed properties. Some listed properties may appeal to the same prospective buyers. Some properties may attract more prospective buyers than others. Some of these prospective buyers may be represented by Broker and some may not. Broker will market all listed properties to all prospective buyers whether or not Broker has another or other listed properties that may appeal to the same prospective buyers.

Dual Agency: If Seller is represented by Broker, Seller acknowledges that broker may represent prospective buyers of Seller's property and consents to Broker acting as a dual agent for both seller and buyer in that transaction. If Buyer is represented by Broker, buyer acknowledges that Broker may represent sellers of property that Buyer is interested in acquiring and consents to Broker acting as a dual agent for both buyer and seller with regard to that property.

In the event of dual agency, seller and buyer agree that: a dual agent may not, without the express permission of the respective party, disclose to the other party confidential information, including, but not limited to, facts relating to either the buyer's or seller's financial position, motivations, bargaining position, or other personal information that may impact price, including the seller's willingness to accept a price less than the listing price or the buyer's willingness to pay a price greater than the price offered; and except as set forth above, a dual agent is obligated to disclose known facts materially affecting the value or desirability of the Property to both parties.

Offers not necessarily confidential: Buyer is advised that seller or listing agent may disclose the existence, terms, or conditions of buyer's offer unless all parties and their agent have signed a written confidentiality agreement. Whether any such information is actually disclosed depends on many factors, such as current market conditions, the prevailing practice in the real estate community, the listing agent's marketing strategy and the instructions of the seller.

Buyer and seller understand that Broker may represent more than one buyer or more than one seller and even both buyer and seller on the same transaction and consents to such relationships.

Seller and/or Buyer acknowledges reading and understanding this Possible Representation of More Than One Buyer or Seller - Disclosure and Consent and agrees to the agency possibilities disclosed.

WIRE FRAUD AND ELECTRONIC FUNDS TRANSFERS ADVISORY:

The ability to communicate and conduct business electronically is a convenience and reality in nearly all parts of our lives. At the same time, it has provided hackers and scammers new opportunities for their criminal activity. Many businesses have been victimized and the real estate business is no exception.

While wiring or electronically transferring funds is a welcome convenience, we all need to exercise extreme caution. Emails attempting to induce fraudulent wire transfers have been received and have appeared to be legitimate. Reports indicate that some hackers have been able to intercept emailed transfer instructions, obtain account information and, by altering some of the data, redirect the funds to a different account. It also appears that some hackers were able to provide false phone numbers for verifying the wiring or funds transfer instructions. In those cases, the victim called the number provided to confirm the instructions, and then unwittingly authorized a transfer to somewhere or someone other than the intended recipient.

ACCORDINGLY, YOU ARE ADVISED:

- 1. Obtain phone numbers and account numbers only from Escrow Officers, Property Managers, or Landlords at the beginning of the transaction.
2. DO NOT EVER WIRE OR ELECTRONICALLY TRANSFER FUNDS PRIOR TO CALLING TO CONFIRM THE TRANSFER INSTRUCTIONS. ONLY USE A PHONE NUMBER YOU WERE PROVIDED PREVIOUSLY. Do not use any different phone number or account number included in any emailed transfer instructions.
3. Orally confirm the transfer instruction is legitimate and confirm the bank routing number, account numbers and other codes before taking steps to transfer the funds.
4. Avoid sending personal information in emails or texts. Provide such information in person or over the telephone directly to the Escrow Officer, Property Manager, or Landlord.
5. Take steps to secure the system you are using with your email account. These steps include creating strong passwords, using secure WiFi, and not using free services.

If you believe you have received questionable or suspicious wire or funds transfer instructions, immediately notify your bank, and the other party, and the Escrow Office, Landlord, or Property Manager. The sources below, as well as others, can also provide information:

 Other _____

Seller will provide to Buyer, as part of the sales agreement, copies of lease documents, or other documents obligating Seller to pay for any such leased or liened item.

5. **MULTIPLE LISTING SERVICE:**

A. **WHAT IS AN MLS?** The MLS is a database of properties for sale that is available and disseminated to and accessible by all other real estate agents who are participants or subscribers to the MLS. As set forth in **paragraph 7**, participants and subscribers conducting public marketing of a property listing must submit the property information to the MLS. Property information submitted to the MLS describes the price, terms and conditions under which the Seller's property is offered for sale (including but not limited to the listing broker's offer of compensation to other brokers). It is likely that a significant number of real estate practitioners in any given area are participants or subscribers to the MLS. The MLS may also be part of a reciprocal agreement to which other multiple listing services belong. Real estate agents belonging to other multiple listing services that have reciprocal agreements with the MLS also have access to the information submitted to the MLS. The MLS may further transmit listing information to Internet sites that post property listings online.

B. **WHAT INFORMATION IS PROVIDED TO THE MLS:** All terms of the transaction, including sales price and financing, if applicable, (i) will be provided to the MLS in which the Property is listed for publication, dissemination and use by persons and entities on terms approved by the MLS, and (ii) may be provided to the MLS even if the Property was not listed with the MLS. Seller consents to Broker providing a copy of this listing agreement to the MLS if required by the MLS.

C. **WHAT IS BROKER'S MLS?** Broker is a participant/subscriber to Tehachapi Association of Realtors Multiple Listing Service (MLS) and possibly others. That MLS is (or if checked is not) the primary MLS for the geographic area of the Property. When required by paragraph 7 or by the MLS, Property will be listed with the MLS(s) specified above.

6. **BENEFITS OF USING THE MLS; IMPACT OF OPTING OUT OF THE MLS**

A. **EXPOSURE TO BUYERS THROUGH MLS:** Listing property with an MLS exposes a seller's property to all real estate agents and brokers (and their potential buyer clients) who are participants or subscribers to the MLS or a reciprocating MLS. The MLS may further transmit the MLS database to Internet sites that post property listings online.

B. **IMPACT OF OPTING OUT OF MLS:** If Seller elects to exclude the Property from the MLS, Seller understands and acknowledges that: (i) Seller is authorizing limited exposure of the Property and NO marketing or advertising of the Property to the public will occur; (ii) real estate agents and brokers from other real estate offices, and their buyer clients, who have access to that MLS may not be aware that Seller's Property is offered for sale; (iii) Information about Seller's Property will not be transmitted from the MLS to various real estate Internet sites that are used by the public to search for property listings and; (iv) real estate agents, brokers and members of the public may be unaware of the terms and conditions under which Seller is marketing the Property.

C. **REDUCTION IN EXPOSURE:** Any reduction in exposure of the Property may lower the number of offers and negatively impact the sales price.

D. **NOT LISTING PROPERTY IN A LOCAL MLS:** If the Property is listed in an MLS which does not cover the geographic area where the Property is located then real estate agents and brokers working that territory, and Buyers they represent looking for property in the neighborhood, may not be aware the Property is for sale.

Seller's Initials (_____) (_____)

Broker's/Agent's Initials (_____) (_____)

7. **PUBLIC MARKETING OF PROPERTY:**

A. **CLEAR COOPERATION POLICY:** MLS rules require Do NOT require - see 7F) that residential real property with one to four units and vacant lot listings be submitted to the MLS within 1 business day of any public marketing.

(ii) Public marketing does not include an office exclusive listing where there is direct promotion of the listing between the brokers and licensees affiliated with the listing brokerage, and one-to-one promotion between these licensees and their clients.

C. **"COMING SOON" STATUS IMPACT ON MARKETING:** Seller is advised to discuss with Broker the meaning of "Coming Soon" as that term applies to the MLS in which the Property will be listed, and how any Coming Soon status will impact when and how a listing will be viewable to the public via the MLS. Seller does does not) authorize Broker to utilize Coming Soon status, if any.

OR (2) Seller instructs Broker NOT to market the Property to the public. Seller understands that no public marketing will occur and the scope of marketing that will occur will consist only of direct one-on-one promotion between the brokers and licensees affiliated with the listing brokerage and their respective clients.

E. Whether 7D(1) or 7D(2) is selected, Seller understands and agrees that should any public marketing of the Property occur, the Property listing will be submitted to the MLS within 1 business day.

F. CLEAR COOPERATION POLICY DOES NOT APPLY: Paragraphs 7A (other than the language in the parenthetical), 7B, 7D and 7E do not apply to this listing. Broker shall disclose to Seller and obtain Seller's consent for any instruction to not market the Property on the MLS or to the public.

8. MLS DATA ON THE INTERNET: MLS rules allow MLS data to be made available by the MLS to additional Internet sites unless Broker gives the MLS instructions to the contrary. Specific information that can be excluded from the Internet as permitted by (or in accordance with) the MLS is as follows:

A. PROPERTY OR PROPERTY ADDRESS: Seller can instruct Broker to have the MLS not display the Property or the Property address on the Internet (C.A.R. Form SELI). Seller understands that either of these opt-outs would mean consumers searching for listings on the Internet may not see the Property or Property's address in response to their search.

B. FEATURE OPT-OUTS: Seller can instruct Broker to advise the MLS that Seller does not want visitors to MLS Participant or Subscriber Websites or Electronic Displays that display the Property listing to have the features below (C.A.R. Form SELI). Seller understands (i) that these opt-outs apply only to Websites or Electronic Displays of MLS Participants and Subscribers who are real estate broker and agent members of the MLS; (ii) that other Internet sites may or may not have the features set forth herein; and (iii) that neither Broker nor the MLS may have the ability to control or block such features on other Internet sites.

(2) **AUTOMATED ESTIMATE OF VALUE:** The ability to create an automated estimate of value or to link to another site containing such an estimate of value if the link is in immediate conjunction with the Property display.

Seller elects to opt out of certain Internet features as provided by C.A.R. Form SELI or the local equivalent form.

9. SELLER REPRESENTATIONS: Seller represents that, unless otherwise specified in writing, Seller is unaware of: (i) any Notice of Default recorded against the Property; (ii) any delinquent amounts due under any loan secured by, or other obligation affecting, the Property; (iii) any bankruptcy, insolvency or similar proceeding affecting the Property; (iv) any litigation, arbitration, administrative action, government investigation or other pending or threatened action that affects or may affect the Property or Seller's ability to transfer it; and (v) any current, pending or proposed special assessments affecting the Property. Seller shall promptly notify Broker in writing if Seller becomes aware of any of these items during the Listing Period or any extension thereof.

10. BROKER'S AND SELLER'S DUTIES:

A. Broker agrees to exercise reasonable effort and due diligence to achieve the purposes of this Agreement. Unless Seller gives Broker written instructions to the contrary, Broker is authorized, but not required, to (i) order reports and disclosures including those specified in 10D as necessary, (ii) advertise and market the Property by any method and in any medium selected by Broker, including MLS and the Internet, and, to the extent permitted by these media, control the dissemination of the information submitted to any medium; and (iii) disclose to any real estate licensee making an inquiry the receipt of any offers on the Property and the offering price of such offers.

B. Broker agrees to present all offers received for Seller's Property, and present them to Seller as soon as possible, unless Seller gives Broker written instructions to the contrary.

C. Seller agrees to consider offers presented by Broker, and to act in good faith to accomplish the sale of the Property by, among other things, making the Property available for showing at reasonable times and, subject to paragraph 3F, referring to Broker all inquiries of any party interested in the Property. Seller is responsible for determining at what price to list and sell the Property.

If Property is located in a Common Interest Development or Homeowners Association, Seller is advised that there may be benefits to obtaining any required documents prior to entering into escrow with any buyer. Such benefits may include, but not be limited to, potentially being able to lower costs in obtaining the documents and avoiding any potential delays or complications due to late or slow delivery of such documents.

E. Seller further agrees to indemnify, defend and hold Broker harmless from all claims, disputes, litigation, judgments, attorney fees and costs arising from any incorrect or incomplete information supplied by Seller, or from any material facts that Seller knows but fails to disclose including dangerous or hidden conditions on the Property.

11. DEPOSIT: Broker is authorized to accept and hold on Seller's behalf any deposits to be applied toward the purchase price.

12. AGENCY RELATIONSHIPS:

A. Disclosure: The Seller acknowledges receipt of a "Disclosure Regarding Real Estate Agency Relationships" (C.A.R. Form AD).

B. Seller Representation: Broker shall represent Seller in any resulting transaction, except as specified in paragraph 3F.

C. POSSIBLE DUAL AGENCY WITH BUYER: Depending upon the circumstances, it may be necessary or appropriate for Broker

to act as an agent for both Seller and buyer, exchange party, or one or more additional parties ("Buyer"). Broker shall, as soon as practicable, disclose to Seller any election to act as a dual agent representing both Seller and Buyer. If a Buyer is procured directly by Broker or an associate-licensee in Broker's firm, Seller hereby consents to Broker acting as a dual agent for Seller and Buyer. In the event of an exchange, Seller hereby consents to Broker collecting compensation from additional parties for services rendered, provided there is disclosure to all parties of such agency and compensation. Seller understands and agrees that a dual agent may not, without the express permission of the respective party, disclose to the other party confidential information, including, but not limited to, facts relating to either the Buyer's or Seller's financial position, motivations, bargaining position, or other personal information that may impact price, including the Seller's willingness to accept a price less than the listing price or the Buyer's willingness to pay a price greater than the price offered; and except as set forth above, a dual agent is obligated to disclose known facts materially affecting the value or desirability of the Property to both parties.

D. CONFIRMATION: Broker shall confirm the agency relationship described above, or as modified, in writing, prior to or concurrent with Seller's execution of a purchase agreement.

E. Seller consents to Broker's representation of sellers and buyers of other properties before, during and after the end of this Agreement. Seller acknowledges receipt of a "Possible Representation of More than One Buyer or Seller - Disclosure and Consent" (C.A.R. Form PRBS).

13. Broker does not maintain insurance to protect Seller. Seller is advised to post notice disclosing the existence of security devices.

14. PHOTOGRAPHS AND INTERNET ADVERTISING:

A. In order to effectively market the Property for sale it is often necessary to provide photographs, virtual tours and other media to buyers. Seller agrees (or if checked, does not agree) that Broker or others may photograph or otherwise electronically capture images of the exterior and interior of the Property ("Images") for static and/or virtual tours of the Property by buyers and others for use on Broker's website, the MLS, and other marketing materials and sites. Seller acknowledges that if Broker engages third parties to capture and/or reproduce and display Images, the agreement between Broker and those third parties may provide such third parties with certain rights to those Images. The rights to the Images may impact Broker's control or lack of control of future use of the Images. If Seller is concerned, Seller should request that Broker provide any third parties' agreement impacting the Images. Seller also acknowledges that once Images are placed on the Internet neither Broker nor Seller has control over who can view such Images and what use viewers may make of the Images, or how long such Images may remain available on the Internet. Seller further assigns any rights in all Images to the Broker/Agent and agrees that such Images are the property of Broker/Agent and that Broker/Agent may use such Images for advertising, including post sale and for Broker/Agent's business in the future.

B. Seller acknowledges that prospective buyers and/or other persons coming onto the property may take photographs, videos or other images of the property. Seller understands that Broker does not have the ability to control or block the taking and use of Images by any such persons. (If checked) Seller instructs Broker to publish in the MLS that taking of Images is limited to those persons preparing Appraisal or Inspection reports. Seller acknowledges that unauthorized persons may take images who do not have access to or have not read any limiting instruction in the MLS or who take images regardless of any limiting instruction in the MLS. Once Images are taken and/or put into electronic display on the Internet or otherwise, neither Broker nor Seller has control over who views such Images nor what use viewers may make of the Images.

15. KEYSAFE/LOCKBOX: A key safe/lockbox is designed to hold a key to the Property to permit access to the Property by Broker, cooperating brokers, MLS participants, their authorized licensees and representatives, authorized inspectors, and accompanied prospective buyers. Seller further agrees that Broker, at Broker's discretion, and without further approval from Seller, shall have the right to grant access to and convey Seller's consent to access the Property to inspectors, appraisers, workers, repair persons, and other persons requiring entry to the Property in order to facilitate the sale of the Property. Broker, cooperating brokers, MLS and Associations/Boards of REALTORS® are not insurers against injury, theft, loss, vandalism or damage attributed to the use of a key safe/lockbox. Seller does (or if checked does not) authorize Broker to install a key safe/lockbox. If Seller does not occupy the Property, Seller shall be responsible for obtaining occupant(s)' written permission for use of a key safe/lockbox (C.A.R. Form KLA).

16. SIGN: Seller does (or if checked does not) authorize Broker to install a FOR SALE/SOLD sign on the Property.

17. EQUAL HOUSING OPPORTUNITY: The Property is offered in compliance with federal, state and local anti-discrimination laws.

18. - 20. MANAGEMENT APPROVAL:** If an associate-licensee in Broker's office (salesperson or broker-associate) enters into this Agreement on Broker's behalf, and Broker or Manager does not approve of its terms, Broker or Manager has the right to cancel this Agreement, in writing, within **5 Days** After its execution.
- 21. SUCCESSORS AND ASSIGNS:** This Agreement shall be binding upon Seller and Seller's successors and assigns.
- 22. DISPUTE RESOLUTION:**
- A. MEDIATION:** Seller and Broker agree to mediate any dispute or claim arising between them regarding the obligation to pay compensation under this Agreement, before resorting to arbitration or court action. Mediation fees, if any, shall be divided equally among the parties involved. If, for any dispute or claim to which this paragraph applies, any party (i) commences an action without first attempting to resolve the matter through mediation, or (ii) before commencement of an action, refuses to mediate after a request has been made, then that party shall not be entitled to recover attorney fees, even if they would otherwise be available to that party in any such action. Exclusions from this mediation agreement are specified in paragraph 22B.
 - B. ADDITIONAL MEDIATION TERMS:** The following matters shall be excluded from mediation: (i) a judicial or non-judicial foreclosure or other action or proceeding to enforce a deed of trust, mortgage or installment land sale contract as defined in Civil Code §2985; (ii) an unlawful detainer action; (iii) the filing or enforcement of a mechanic's lien; and (iv) any matter that is within the jurisdiction of a probate, small claims or bankruptcy court. The filing of a court action to enable the recording of a notice of pending action, for order of attachment, receivership, injunction, or other provisional remedies, shall not constitute a waiver or violation of the mediation provisions.
 - C. ARBITRATION ADVISORY:** If Seller and Broker desire to resolve disputes arising between them through arbitration rather than court, they can document their agreement by attaching and signing an Arbitration Agreement (C.A.R. Form ARB).
- 23. ENTIRE AGREEMENT:** All prior discussions, negotiations and agreements between the parties concerning the subject matter of this Agreement are superseded by this Agreement, which constitutes the entire contract and a complete and exclusive expression of their agreement, and may not be contradicted by evidence of any prior agreement or contemporaneous oral agreement. If any provision of this Agreement is held to be ineffective or invalid, the remaining provisions will nevertheless be given full force and effect. This Agreement and any supplement, addendum or modification, including any photocopy or facsimile, may be executed in counterparts.
- 24. OWNERSHIP, TITLE AND AUTHORITY:** Seller warrants that: (i) Seller is the owner of the Property; (ii) no other persons or entities have title to the Property; and (iii) Seller has the authority to both execute this Agreement and sell the Property. Exceptions to ownership, title and authority are as follows: _____

("Property")

1. **INTRODUCTION:** Selling property in California is a process that involves many steps. From start to finish, it could take anywhere from a few weeks to many months, depending upon the condition of your Property, local market conditions and other factors. You have already taken an important first step by listing your Property for sale with a licensed real estate broker. Your broker will help guide you through the process and may refer you to other professionals, as needed. This advisory addresses many things you may need to think about and do as you market your Property. Some of these things are requirements imposed upon you, either by law or by the listing or sale contract. Others are simply practical matters that may arise during the process. Please read this document carefully and, if you have any questions, ask your broker or appropriate legal or tax advisor for help.
2. **DISCLOSURES:**
 - A. **General Disclosure Duties:** You must affirmatively disclose to the buyer, in writing, any and all known facts that materially affect the value or desirability of your Property. You must disclose these facts whether or not asked about such matters by the buyer, any broker, or anyone else. This duty to disclose applies even if the buyer agrees to purchase your Property in its present condition without requiring you to make any repairs. If you do not know what or how to disclose, you should consult a real estate attorney in California of your choosing. Broker cannot advise you on the legal sufficiency of any disclosures you make. If the Property you are selling is a residence with one to four units except for certain subdivisions, your broker also has a duty to conduct a reasonably competent and diligent visual inspection of the accessible areas and to disclose to a buyer all adverse material facts that the inspection reveals. If your broker discovers something that could indicate a problem, your broker must advise the buyer.
 - B. **Statutory Duties:** (For one-to-four Residential Units):
 - (1) You must timely prepare and deliver to the buyer, among other things, a Real Estate Transfer Disclosure Statement ("TDS"), and a Natural Hazard Disclosure Statement ("NHD"). You have a legal obligation to honestly and completely fill out the TDS form in its entirety. (Many local entities or organizations have their own supplement to the TDS that you may also be asked to complete.) The NHD is a statement indicating whether your Property is in certain designated flood, fire or earthquake/seismic hazard zones. Third-party professional companies can help you with this task.
 - (2) Depending upon the age and type of construction of your Property, you may also be required to provide and, in certain cases you can receive limited legal protection by providing, the buyer with booklets entitled "The Homeowner's Guide to Earthquake Safety," "The Commercial Property Owner's Guide to Earthquake Safety," "Protect Your Family From Lead in Your Home" and "Environmental Hazards: A Guide For Homeowners and Buyers." Some of these booklets may be packaged together for your convenience. The earthquake guides ask you to answer specific questions about your Property's structure and preparedness for an earthquake. If you are required to supply the booklet about lead, you will also be required to disclose to the buyer any known lead-based paint and lead-based paint hazards on a separate form. The environmental hazards guide informs the buyer of common environmental hazards that may be found in properties.
 - (3) If you know that your property is: (i) located within one mile of a former military ordnance location; or (ii) in or affected by a zone or district allowing manufacturing, commercial or airport use, you must disclose this to the buyer. You are also required to make a good faith effort to obtain and deliver to the buyer a disclosure notice from the appropriate local agency(ies) about any special tax levied on your Property pursuant to the Mello-Roos Community Facilities Act, the Improvement Bond Act of 1915, and a notice concerning the contractual assessment provided by section 5898.24 of the Streets And Highways Code (collectively, "Special Tax Disclosures").
 - (4) If the TDS, NHD, or lead, military ordnance, commercial zone or Special Tax Disclosures are provided to a buyer after you accept that buyer's offer, the buyer will have 3 days after delivery (or 5 days if mailed) to terminate the offer, which is why it is extremely important to complete these disclosures as soon as possible. There are certain exemptions from these statutory requirements; however, if you have actual knowledge of any of these items, you may still be required to make a disclosure as the items can be considered material facts.
 - C. **Death and Other Disclosures:** Many buyers consider death on real property to be a material fact in the purchase of property. In some situations, it is advisable to disclose that a death occurred or the manner of death; however, California Civil Code Section 1710.2 provides that you have no disclosure duty "where the death has occurred more than three years prior to the date the transferee offers to purchase, lease, or rent the real property, or [regardless of the date of occurrence] that an occupant of that property was afflicted with, or died from, Human T-Lymphotropic Virus Type III/Lymphadenopathy-Associated Virus." This law does not "immunize an owner or his or her agent from making an intentional misrepresentation in response to a direct inquiry from a transferee or a prospective transferee of real property, concerning deaths on the real property."
 - D. **Condominiums and Other Common Interest Subdivisions:** If the Property is a condominium, townhouse, or other property in a common interest subdivision, you must provide to the buyer copies of the governing documents, the most recent financial statements distributed, and other documents required by law or contract. If you do not have a current version of these documents, you can request them from the management of your homeowner's association. To avoid delays, you are encouraged to obtain these documents as soon as possible, even if you have not yet entered into a purchase agreement to sell your Property.
3. **CONTRACT TERMS AND LEGAL REQUIREMENTS:**
 - A. **Contract Terms and Conditions:** A buyer may request, as part of the contract for the sale of your Property, that you pay for repairs to the Property and other items. Your decision on whether or not to comply with a buyer's requests may affect your ability to sell your Property at a specified price.

- B. Withholding Taxes:** Under federal and California tax laws, a buyer is required to withhold a portion of the purchase price from your sale proceeds for tax purposes unless you sign an affidavit of non-foreign status and California residency, or some other exemption applies and is documented.
- C. Prohibition Against Discrimination:** Discriminatory conduct in the sale of real property against individuals belonging to legally protected classes is a violation of the law.
- D. Government Required Repairs, Replacements and Alterations:** Under State law, Property owners with limited exceptions, are required to: (1) install operable smoke alarms and brace water heaters and provide a Buyer with a statement of compliance. Existing operable smoke alarms, that met compliance standards when installed, do not have to be removed even if not up to current legal requirements. Smoke alarms that are added or that replace older versions must comply with current law; and (2) install carbon monoxide detection devices. Some city and county governments may impose additional requirements, including, but not limited to, installing low-flow toilets and showerheads, gas shut-off valves, tempered glass, and barriers around swimming pools and spas. You should consult with the appropriate governmental agencies, inspectors, and other professionals to determine which requirements apply to your Property, the extent to which your Property complies with such requirements, and the costs, if any, of compliance.
- E. EPA's LEAD-BASED PAINT RENOVATION, REPAIR AND PAINTING RULE:** The new rule requires that contractors and maintenance professionals working in pre-1978 housing, child care facilities, and schools with lead-based paint be certified; that their employees be trained; and that they follow protective work practice standards. The rule applies to renovation, repair, or painting activities affecting more than six square feet of lead-based paint in a room or more than 20 square feet of lead-based paint on the exterior. Enforcement of the rule begins October 1, 2010. See the EPA website at www.epa.gov/lead for more information.
- F. Legal, Tax and Other Implications:** Selling your Property may have legal, tax, insurance, title or other implications. You should consult an appropriate professional for advice on these matters.

4. MARKETING CONSIDERATIONS:

- A. Pre-Sale Inspections and Considerations:** You should consider doing what you can to prepare your Property for sale, such as correcting any defects or other problems, making cosmetic improvements, and staging. Many people are not aware of defects in or problems with their own Property. One way to make yourself aware is to obtain professional inspections prior to sale. Pre-sale inspections may include a general property inspection: an inspection for wood destroying pest and organisms (Structural Pest Control Report) and an inspection of the septic or well systems, if any, among others. By doing this, you then have an opportunity to make repairs before your Property is sold, which may enhance its marketability. Keep in mind, however, that any problems revealed by such inspection reports or repairs that have been made, whether or not disclosed in a report, should be disclosed to the buyer (see "Disclosures" in paragraph 2 above). This is true even if the buyer gets his/her own inspections covering the same area. Obtaining inspection reports may also assist you during contract negotiations with the buyer. For example, if a Structural Pest Control Report has both a primary and secondary recommendation for clearance, you may want to specify in the purchase agreement those recommendations, if any, for which you are going to pay.
- B. Post-Sale Protections:** It is often helpful to provide the buyer with, among other things, a home protection/warranty plan for the Property. These plans will generally cover problems, not deemed to be pre-existing, that occur after your sale is completed. In the event something does go wrong after the sale, and it is covered by the plan, the buyer may be able to resolve the concern by contacting the home protection company.
- C. Safety Precautions:** Advertising and marketing your Property for sale, including, but not limited to, holding open houses, placing a keysafe/lockbox, erecting FOR SALE signs, and disseminating photographs, video tapes, and virtual tours of the premises, may jeopardize your personal safety and that of your Property. You are strongly encouraged to maintain insurance, and to take any and all possible precautions and safeguards to protect yourself, other occupants, visitors, your Property, and your belongings, including cash, jewelry, drugs, firearms and other valuables located on the Property, against injury, theft, loss, vandalism, damage, and other harm.
- D. Expenses:** You are advised that you, not the Broker, are responsible for the fees and costs, if any, to comply with your duties and obligations to the buyer of your Property.

As of January 1, 2020, the California Consumer Privacy Act (commencing with Civil Code § 1798.100) ("CCPA") grants to California residents certain rights in their private, personal information that is collected by companies with whom they do business. Under the CCPA, "personal information" is defined broadly to encompass non-public records information that could reasonably be linked directly or indirectly to you, including, potentially, photographs of or sales information about your property. Some of your personal information will be collected and likely shared with others during the process of buying and selling real estate. Depending on the situation, you may have the right to "opt out" or stop the transfer of your personal information to others and request that certain businesses delete your personal information altogether. Not all businesses you interact with are required to comply with the law, primarily just those who meet the criteria of a covered "Business" as set forth in Section 1798.140 (c)]. For more information, you may ask your Broker for a copy of the C.A.R. Legal Q&A on the subject.

A real estate broker is likely to submit personal information to a Multiple Listing Service ("MLS") in order to help find a buyer for a seller's property. Through the MLS, the information is made available to real estate brokers and salespeople, and others. Even after a sale is complete, the MLS distributes sales information to the real estate community. Brokers, agents and MLSs may also share your personal information with others who post the personal information on websites or elsewhere, or otherwise use it. Thus, there are various service providers and companies in a real estate transaction who may be engaged in using or sharing data involving your personal information.

If your broker is a covered Business, it should have a privacy policy explaining your rights on its website and giving you an opportunity to request that personal information not be shared, used and even deleted. Even if your real estate brokerage is a covered Business, it needs, and is allowed, to keep your information to effectuate a sale and, by law, is required to maintain such information for three years to comply with regulatory requirements. Not all brokers are covered Businesses, however, and those that are not, do not have to comply with the CCPA.

Similarly, most MLSs will not be considered a covered Business. Instead, the MLS may be considered a Third Party in the event a covered Business (ex: brokerages, real estate listing aggregation or advertising internet sites or other outlets who meet the criteria of covered Businesses) exchanges personal information with the MLS. You do not have the right under the CCPA to require a Third Party to delete your personal information. And like real estate brokerages, even if an MLS is a covered Business, MLSs are also required by law to retain and make accessible in its computer system any and all listing and other information for three years.

Whether an MLS is a covered Business or a Third Party, you have a right to be notified about the sharing of your personal information and your right to contact a covered Business to opt out of your personal information being used, or shared with Third Parties. Since the MLSs and/or other entities receiving your personal information do not have direct contact with buyers and sellers and also may not be aware of which entities exchanging personal information are covered Businesses, this form is being used to notify you of your rights under the CCPA and your ability to direct requests to covered Businesses not to share personal information with Third Parties. One way to limit access to your personal information, is to inform your broker or salesperson you want to opt-out of the MLS, and if so, you will be asked to sign a document (Form SELM) confirming your request to keep your listing off the MLS. However, if you do so, it may be more difficult to sell your property or obtain the highest price for it because your property will not be exposed to the greatest number of real estate licensees and others.

Property Address: 20916 White Pine Dr, Tehachapi, CA 93561-8062 ("Property").
Property is being held in a revocable or irrevocable trust for the benefit of those persons or entities named as beneficiaries in the trust. For the purpose of the sale of Property, the trustee of the trust is treated as the Seller. Even if Seller is exempt from some obligations, Seller must still comply with many others. This Advisory is intended to inform Buyer and Seller of their rights and obligations independent of those established by the contract between them. **If Property is placed in a trust, a trustee must complete a TDS and other disclosures that would be required of other owners if: (i) the trustee is a natural person AND (ii) the trust is a revocable trust, AND (iii) the trustee either is the former owner of Property or was an occupant in possession of Property within the preceding year. The disclosures are required of any trustee who meets the above requirements even if other trustees do not.**

1. SELLER MUST COMPLY WITH THE FOLLOWING:

- A. Known Material Fact Disclosures:** Seller is obligated to disclose known material facts affecting the value and desirability of the Property even if the specific Real Estate Transfer Disclosure Statement Form is not required to be completed.
- B. Hazard Zones:** Seller is not exempt from applicable statutory obligations to disclose earthquake fault zones, seismic hazard zones, state fire responsibility areas, very high fire hazard severity zones, special flood hazard areas and flood hazard zones pursuant to the Public Resources Code, Government Code and United States.
- C. Smoke Detectors:** The sale is not exempt from the State requirements that, for single family residences, operable smoke detectors be in place. It is negotiable between Buyer and Seller who is to pay for the cost of compliance.
- D. Water Heaters:** The sale is not exempt from the State requirement that water heaters be properly anchored, braced or strapped and that Seller provide a written statement of compliance to Buyer.
- E. Lead-based Paint:** The Seller is not exempt from the federal obligation to: (i) disclose known lead-based paint and lead-based paint hazards; (ii) provide Buyer copies of reports or studies covering lead-based paint and hazards on the Property; (iii) provide Buyer with the pamphlet "Protect Your Family From Lead In Your Home;" and (iv) give Buyer a 10-day opportunity to inspect for lead-based paint and hazards, if the Property contains residential dwelling units and was constructed prior to 1978.
- F. Carbon Monoxide Devices:** The sale is not exempt from the State requirement that on or before July 1, 2011, for all existing single family dwelling units, and on or before January 1, 2013, for all other existing dwelling units, the owner must install a carbon monoxide device approved and listed by the State Fire Marshall in the dwelling unit if the dwelling unit has a fossil fuel burning heater or appliance, fireplace, or an attached garage.
- G. Water Conserving Plumbing Fixtures:** The Sale is not exempt from the State requirement that (i) single family residences built before January 1, 1994 be equipped with water conserving plumbing fixtures by January 1, 2017 and multi-family and commercial properties be equipped with water conserving plumbing fixtures by January 1, 2019; (ii) Sellers disclose to Buyers the requirements of the law; and (iii) sellers disclose to Buyers whether the Property contains any non-compliant plumbing fixtures. See C.A.R. Form WCMD for further information.
- H. Tax Withholding:** The sale is not exempt from providing information pertaining to the withholding obligation under either the federal "FIRPTA" or the California withholding requirements upon the sale of real property. Federal: For federal purposes, a non-resident alien includes a fiduciary. A trustee is treated as a non-resident even if all beneficiaries are citizens or residents of the United States. State: The trust may be exempt from withholding (but not the completion of the real estate withholding certificate) if: (i) the trust was revocable prior to the decedent's death; (ii) the Property was last used as the decedent's principal residence; and (iii) the trustee is electing to treat the trust as part of the decedent's estate under IRC § 645 (see Instructions for FTB Form 593-C).
- I. Megan's Law Database Disclosure:** The sale is not exempt from the requirement that residential sales contracts contain the following notice regarding the availability of information about registered sex offenders: "Notice: Pursuant to Section 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via an Internet Web site maintained by the Department of Justice at

(With Listing) Broker's Initials (____) (____)

(With RPA) Buyer's Initials (____)X(____)
Seller's Initials X(____) (____)

www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP Code in which he or she resides." (Neither Seller nor Brokers are required to check this website. If Buyer wants further information, Broker recommends that Buyer obtain information from this website during Buyer's inspection contingency period. Brokers do not have expertise in this area.)

2. SELLER MAY BE EXEMPT FROM THE FOLLOWING:

A. (i) Disclosure Statements: Seller, unless specified in 2A(ii), does not have to complete, sign and provide Buyer with a Real Estate Transfer Disclosure Statement or Natural Hazard Disclosure Statement (C.A.R. Forms TDS and NHD). **Seller remains obligated to make the disclosures and comply with the items specified in Paragraph 1.**

(ii) If Property has been placed in a trust, the trustee(s) of the trust is considered the Seller for the purpose of complying with disclosure laws. Seller must complete, sign and provide Buyer with a TDS if (1) the Seller is a natural person, AND (2) the trust is a revocable trust, AND (3) the trustee is either a former owner of the Property or was an occupant in possession of the Property within the preceding year.

B. Other Exemptions: Unless paragraph 2A(ii) applies, Seller is exempt from providing Buyer with a Mello-Roos district lien disclosure, an Improvement Bond Act of 1915 notice, a Supplemental Property Tax notice, a Notice of Private Transfer Fee pursuant to California Civil Code §§ 1102 et seq. and either a Homeowner's or Commercial Property Owners Guide to Earthquake Safety

C. Exempt Seller Disclosures: Even exempt Sellers have statutory or contractual obligations to make certain disclosures and may, or are required by contract to, use an Exempt Seller Disclosure (C.A.R. Form ESD) and is strongly encouraged to do so.

3. OTHER CONSIDERATIONS:

A. Local Law: Local law may impose obligations on the transfer of real property (such as the installation of low flow toilets or shower heads, emergency gas shut-off valves or installation of smoke detectors). Local law should be consulted to determine if sales by a trustee of a trust are exempt from such requirements.

B. Death: If the Property is being sold because of the death of an occupant of the Property, and if Buyer has concerns about the manner, location or details of the death, then Buyer should direct any specific questions to Seller.

4. BROKERS:

A. Inspection: The sale is not exempt from the Broker's obligation to conduct a reasonably competent and diligent visual inspection of the accessible areas of the Property and disclose to Buyer material facts revealed by such an inspection in the sale of residential property containing one-to-four dwelling units. Brokers may do so on C.A.R. Form AVID.

B. Agency: The sale is not exempt from the obligation to provide agency relationship disclosure and confirmation forms in the sale of residential property containing one-to-four dwelling units, commercial Property and vacant land.

By signing below, the undersigned acknowledge that each has read, understands and has received a copy of this Trust Advisory.

7. **TEMPORARY WITHDRAWAL OF PROPERTY FROM MARKET:** Broker agrees to pause marketing of the Property, including changing to an appropriate status on the MLS, and not to conduct any showings of the Property while this Addendum or Amendment is in effect. The Listing Agreement shall remain in effect during the temporary withdrawal and Broker shall immediately begin all appropriate marketing efforts upon termination of this Addendum or Amendment. If Broker becomes aware of such person's failure to comply with the instructions, Broker will promptly inform Seller and take efforts to prevent such person's future access to the property. Seller wants the potential benefits, and ASSUMES THE RISK, of allowing others to enter the Property. Seller releases Broker and its agents, from any loss, liability, expense, claim or cause of action that may arise from allowing entry upon the Property or are related in any manner to this Addendum or Amendment.

- RISKS OF EXPOSURE:** The Coronavirus (COVID-19) pandemic is a worldwide risk to human health. COVID-19 is highly contagious. While people of all ages are at risk of catching COVID-19, persons with compromised immune systems and older persons may be at particular risk.
- GOVERNMENT ORDERS:** In order to reduce the spread of COVID-19, elected representatives and health officials from the State of California, as well as many California cities and counties have issued "Stay Home" Orders and other mandates and recommendations (collectively, "COVID-19 Directives"), limiting activities that can be engaged in by businesses and members of the public. Some city and county orders are more restrictive than, and may take precedence over, Federal and State guidelines.

PEAD-S 7/13/20 (PAGE 1 OF 1)

CORONAVIRUS PROPERTY ENTRY ADVISORY AND DECLARATION – SELLER/OCCUPANT (PEAD-S PAGE 1 OF 1)

All showings must comply with the applicable County COVID-19 Shelter-in-Place Order and the State COVID-19 guidelines published by California Departments of Public Health and Industrial Relations (Cal/OSHA) "COVID-19 INDUSTRY GUIDANCE: Real Estate Transactions" as updated on May 12, 2020.

Check Your City or County for More Restrictive Local Showing Rules

More restrictive rules regarding showings by a County or City must still be followed.

Prevention Plan

Brokerages must:

- Establish a written COVID-19 "Prevention Plan" to be followed by agents who show properties.
- Regularly evaluate compliance with the plan and document and correct deficiencies identified.

Unless otherwise specified, this entire document known as the "Mandatory Government Showing Requirements, including Best Practices Guidelines and Prevention Plan" is hereby adopted as Broker's "Prevention Plan."

Showing Rules for Listing and Buyer's Agents

1. Utilize virtual tours instead of in-person property showings whenever possible.
2. Do not hold "traditional" open houses or showings which are open to the general public on a walk-in basis. For all in-person visits, (i) agents must use an appointment or digital sign-in process to control the number of people in the house or property and (ii) the cleaning, social distancing and other government guidelines and best practices in the sections below shall be followed.
3. If you are going to hold a non-traditional "Open House" in compliance with government guidelines and these best practices, then any Open House signs and advertisements shall include a rider or express condition indicating that appointments or digital sign-in are required before entry.
4. Only one listing agent and one "buying party" are to be in a dwelling at the same time during a showing. A "buying party" may be more than one individual buyer and may include one agent for that party.
5. Show houses with occupants not present when possible. Sellers and tenants, in accordance with their legal rights, are to be advised that they should not be present within a dwelling at the same time as other individuals.
6. Agents conducting the showing should meet clients at the property and not drive the client to the property.
7. The listing agent must post the Posted Rules for Entry (C.A.R. Document PRE) at the entrance of the property. These Posted Rules for Entry or a link to them should be part of any online public and MLS listings.
8. Even though the client may have already been informed, real estate licensees should remind clients to maintain physical distancing during showings and to refrain from touching handles, switches, pulls, etc.
9. Real estate licensees or sellers/renters must open doorways or other areas of ingress and egress prior to in-person property showings to minimize clients touching surfaces. During a showing, introduce fresh outside air, for example by opening doors/windows, weather permitting, and operating ventilation systems.
10. All information must be delivered electronically. Discontinue providing handouts or other types of promotional or informational materials.

Cleaning and Disinfecting the Property and Sanitation Products

1. The agent who shows the property shall follow cleaning and disinfecting protocols and provide sanitation products unless otherwise agreed. Where possible, do not clean floors by sweeping or other methods that can disperse pathogens into the air. Use a vacuum with a HEPA filter wherever possible.
2. Real estate licensees should ensure shown properties have proper sanitation products, including hand sanitizer, face coverings and disinfecting wipes, for use by visitors as needed. No showing should take place if these products are not available to those entering the property.
3. Shown properties should have commonly used surface areas cleaned and disinfected before and after each showing. Examples of commonly used surface areas are counters, door and cabinet handles, key lock boxes, keypads, toilets, sinks, light switches, etc. Disinfect mobility and safety fixtures on the property such as handrails and banisters, door knobs and locks.
4. No showing may occur unless the property is cleaned and disinfected before and after each showing. Sanitizers must be recognized by the CDC as effective in combatting COVID-19 (e.g., at least 60% ethanol or 70% isopropanol).

Rules for Every Visitor

1. Prior to entering a property, all persons must have already signed a Coronavirus Property Entry Advisory and Declaration - Visitor form (C.A.R. Form PEAD-V) and delivered a copy of that signed form to the listing agent.
2. By signing the PEAD-V, the visitor is agreeing to both the Posted Rules of Entry (C.A.R. Document PRE) and this Prevention Plan or other plan adopted by the Broker. This is required of everyone entering the property including prospective buyers, agents, inspectors, appraisers, contractors, etc.
3. All visitors must maintain six feet of physical distance between unrelated persons.
4. All visitors must wear face coverings. For individuals with disabilities who cannot wear a face covering or face shield, the showing agent will engage in the interactive process with the individual to discuss any available reasonable accommodations.
5. All visitors must use hand sanitizer or wash their hands immediately upon entry.
6. All visitors must avoid touching knobs, faucets, toilets and toilet handles, light switches, garage door opener buttons, handles and pulls, alarm system controls, fan pulls, remotes, thermostats, switchboxes, gates and gate latches, window locks and sashes, pool coverings, and other such items.

Rules for Sellers

If current occupants are present and/or participate during the showings, in accordance with their legal rights, they should adhere to the same standards regarding physical distancing and property cleaning and disinfecting protocols and promote a safe environment for all persons present.

1. INSTALLATION OF CARBON MONOXIDE DETECTORS:

- A. Requirements:** California law (Health and Safety Code sections 13260 to 13263 and 17296 to 17296.2) requires that as of July 1, 2011, all existing single-family dwellings have carbon monoxide detectors installed and that all other types of dwelling units intended for human occupancy have carbon monoxide detectors installed on or before January 1, 2013. The January 1, 2013 requirement applies to a duplex, lodging house, dormitory, hotel, condominium, time-share and apartment, among others.
- B. Exceptions:** The law does not apply to a dwelling unit which does not have any of the following: a fossil fuel burning heater or appliance, a fireplace, or an attached garage. The law does not apply to dwelling units owned or leased by the State of California, the Regents of the University of California or local government agencies. Aside from these three owner types, there are **no other owner exemptions** from the installation requirement; it applies to all owners of dwellings, be they individual banks, corporations, or other entities. There is no exemption for REO properties.

2. DISCLOSURE OF CARBON MONOXIDE DETECTORS: The Health and Safety Code does not require a disclosure regarding the existence of carbon monoxide detectors in a dwelling. However, a seller of residential 1-4 property who is required to complete a Real Estate Transfer Disclosure Statement, (C.A.R. Form TDS) or a Manufactured Home and Mobile home Transfer Disclosure Statement (C.A.R. Form MHTDS) must use section II A of that form to disclose whether or not the dwelling unit has a carbon monoxide detector.

3. COMPLIANCE WITH INSTALLATION REQUIREMENT: State building code requires at a minimum, placement of carbon monoxide detectors in applicable properties outside of each sleeping area, and on each floor in a multi-level dwelling but additional or different requirements may apply depending on local building standards and manufacturer instructions. An owner who fails to install a carbon monoxide detector when required by law and continues to fail to install the detector after being given notice by a governmental agency could be liable for a fine of up to \$200 for each violation. A transfer of a property where a seller, as an owner, has not installed carbon monoxide detectors, when required to do so by law, will not be invalidated, but the seller/owner could be subject to damages of up to \$100, plus court costs and attorney fees. Buyer and Seller are each advised to consult with their own home inspector, contractor or building department to determine the exact location for installation of carbon monoxide detectors. Buyer is advised to consult with a professional of Buyer's choosing to determine whether the property has carbon monoxide detector(s) installed as required by law, and if not to discuss with their counsel the potential consequences.

4. LOCAL REQUIREMENTS: Some localities maintain their own retrofit or point of sale requirements which may include the requirement that a carbon monoxide detector be installed prior to a transfer of property. Therefore, it is important to check the local city or county building and safety departments regarding point of sale or retrofit requirements when transferring property.

The undersigned hereby acknowledge(s) receipt of a copy of this Carbon Monoxide Detector Notice.

CMD 4/12 (PAGE 1 OF 1)

CARBON MONOXIDE DETECTOR NOTICE (CMD PAGE 1 OF 1)

1. MARKET CONDITIONS: Real estate markets are cyclical and can change over time. It is impossible to predict future market conditions with accuracy. In a competitive or "hot" real estate market, there are generally more Buyers than Sellers. This will often lead to multiple buyers competing for the same property. As a result, in order to make their offers more attractive, some Buyers may offer more than originally planned or eliminate certain contingencies in their offers. In a less competitive or "cool" market there are generally more Sellers than Buyers, often causing real estate prices to level off or drop, sometimes precipitously. The sales price of homes being sold as foreclosures and short sales is difficult to anticipate and can affect the value of other homes in the area. Brokers, appraisers, Sellers and Buyers take these "distressed" property sales and listings into consideration when valuing property. In light of the real estate market's cyclical nature it is important that Buyers understand the potential for little or no appreciation in value, or an actual loss in value, of the property they purchase. This Advisory discusses some of the potential risks inherent in changing market conditions.

2. BUYER CONSIDERATIONS:

A. OFFERING PRICE: AS A BUYER, YOU ARE RESPONSIBLE FOR DETERMINING THE PRICE YOU WANT TO OFFER FOR A PROPERTY. Although Brokers may provide you with comparable sales data, generally from information published in the local multiple listing service, you should know that the reporting of this data is often delayed and prices may change, up or down, faster than reported sales indicate. All buyers should be sure they are comfortable with the price they are offering or the price they are accepting in a counter offer. You should be aware of and think about the following: **(i)** If your offer is accepted, the property's value may not increase and may even decrease. **(ii)** If your offer is accepted, you may have "Buyer's remorse" that you paid too much. **(iii)** If your offer is rejected there can be no guarantee that you will find a similar property at the same price. **(iv)** If your offer is rejected, you may not be satisfied that the amount you offered was right for you. Only you can determine that your offer was reasonable and prudent in light of the property and your circumstances.

B. NON-CONTINGENT OFFERS: Most residential purchase agreements contain contingencies allowing a Buyer within a specified period of time to cancel a purchase if: **(i)** the Buyer cannot obtain a loan; **(ii)** is dissatisfied with the property's condition after an inspection; or **(iii)** if the property does not appraise at a certain value. To make their offers more attractive, Buyers will sometimes write offers with few or no contingencies or offer to remove contingencies within a short period of time. In a "hot" market, sellers will sometimes insist that Buyers write offers with no contingencies. Broker recommends that Buyers do not write non-contingent offers and if you do so, you are acting against Broker's advice. However, if you do write a non-contingent offer these are some of the contractual rights you may be giving up:

(1) LOAN CONTINGENCY: If you give up your loan contingency, and you cannot obtain a loan, whether through your fault or the fault of your lender, and as a result, you do not or cannot purchase the property, you may legally be in default under the contract and required to pay damages or forfeit your deposit to the seller.

(2) APPRAISAL CONTINGENCY: If your lender's (or your own) appraiser does not believe the property is worth what you have agreed to pay for it, your lender may not loan the full amount needed for the purchase or may not loan any amount at all because of a low appraisal. As a result, if you do not purchase the property, and you have removed your appraisal contingency, you may legally be in default under the contract and could be required to pay damages to, or forfeit your deposit to, the Seller. The Seller is not obligated to reduce the purchase price to match the appraised value.

Buyer's Initials (_____) (_____)

Seller's Initials (_____) (_____)

(3) INSPECTION CONTINGENCY: If you disapprove of the condition of the property and as a result, you do not purchase the property, you may legally be in default under the contract and required to pay damages to, or forfeit your deposit to, the Seller if you have removed your inspection contingency. However, even if you make an offer without an inspection contingency or you remove that contingency, the Seller may still be obligated to disclose to you material facts about the property. In some cases, once you receive that information the law gives you an independent right to cancel for a limited period of time.

There is inherent risk in writing a non-contingent offer. Only you, after careful consultation and deliberation with your attorney, accountant, or financial advisor can decide how much risk you are willing to take. IT IS YOUR DECISION ALONE AND CANNOT BE MADE BY YOUR BROKER OR REAL ESTATE AGENT.

C. BROKER RECOMMENDATIONS. Broker recommends that you do not write a non-contingent offer, even if you are planning on paying all cash for the property. If you intend to write a non-contingent offer, Broker recommends that, prior to writing the offer, you: **(i)** review all available Seller reports, disclosures, information and documents; **(ii)** have an appropriate professional inspect the property (even if it is being sold "as is" in its present condition); and **(iii)** carefully assess your financial position and risk with your attorney, accountant or financial advisor.

D. MULTIPLE OFFERS: At times Buyers may write offers on more than one property even though the Buyer intends to purchase only one. This may occur in a short sale when the approval process can take a considerable amount of time. While it is not illegal to make offers on multiple properties with intent to purchase only one, the Buyer can be obligated to many Sellers if more than one accepts the Buyer's offers. If the Buyer has not disclosed that the Buyer is writing multiple offers with the intent to purchase only one and the Buyer subsequently cancels without using a contingency, the Seller may claim the Buyer is in breach of contract because the Buyer fraudulently induced the Seller to enter into a contract.

3. SELLER CONSIDERATIONS:

As a Seller, you are responsible for determining the asking price for your property. Although Brokers may provide you with comparable sales data, generally from information published in the local multiple listing service, you should know that the reporting of this data is often delayed and prices may change, up or down, faster than reported sales indicate. All Sellers should be sure they are comfortable with the asking price they are setting and the price they are accepting. There is not, and cannot be, any guarantee that the price you decide to ask for your property, or the price at which you agree to sell your property is the highest available price obtainable for the property. It is solely your decision as to how much to ask for your property and at which price to sell your property.

Buyer/Seller acknowledges each has read, understands and has received a copy of this Market Conditions Advisory.

10. WARRANTY:

- A. SELLER WARRANTY:** Pursuant to Chapter 2 of Title 7 of Part 2 of Division 2 of the California Civil Code commencing with § 896, Seller warrants the Property including, but not limited to, fit and finish of cabinets, mirrors, flooring, interior and exterior walls, countertops, paint finishes and trim, against defective materials and workmanship for a period of 1 year from the date of occupancy ("Seller Warranty"), provided that Seller receives notice of such defect(s) within the 1-year period. Defects that were inspected and approved or waived by Buyer under paragraph 16 of the Agreement or thereafter, minor settling cracks, damage caused by Buyer or movers, or damage due to alterations or additions made by persons other than Seller, are excluded from Seller's Warranty. Seller will, at Seller's option, and within a reasonable time, repair or replace any defect in the Property. Seller will assign to Buyer all material and subcontractor warranties.
 - B.** Seller's obligations are subject to Chapter 2 of Title 7 of Part 2 of Division 2 of the California Civil Code commencing with § 896, unless Seller elects to offer an enhanced protection agreement ("EPA") in place of the provisions of Chapter 2. The protection offered in the EPA must be greater than or equal to the protection offered in Chapter 2. If Seller elects to offer an EPA the election shall be made in writing with Buyer no later than the Close Of Escrow and Seller shall provide Buyer a copy of Chapter 2 and advise Buyer of Seller's election not to be subject to its provisions.
 - C.** Seller shall not be liable for, nor have any obligation to provide, warranty services with respect to any defect expressly noted and approved or waived by Buyer at Close Of Escrow.
 - D.** THE SELLER'S WARRANTY IS PROVIDED IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS, AND IN LIEU OF ANY STRICT LIABILITY OF SELLER IN TORT, TO THE EXTENT SUCH LIABILITY MAY BE DISCLAIMED UNDER CALIFORNIA LAW. THE SELLER'S WARRANTY ALSO EXCLUDES LIABILITY FOR CONSEQUENTIAL DAMAGES TO THE EXTENT THAT SUCH LIABILITY MAY BE DISCLAIMED UNDER CALIFORNIA LAW.
 - E.** WHETHER OR NOT SELLER WARRANTS ANY ASPECT OF THE PROPERTY, SELLER IS OBLIGATED TO DISCLOSE KNOWN MATERIAL FACTS, AND TO MAKE OTHER DISCLOSURES REQUIRED BY LAW.
 - F.** Buyer and Seller understand and acknowledge that Brokers shall not be liable for any breach of paragraph 10 of this addendum.
- 11. PROPOSITION 65 WARNING: MATERIALS INCLUDED IN THE CONSTRUCTION OF THIS HOUSE WILL EXPOSE YOU TO FORMALDEHYDE, A SUBSTANCE KNOWN TO CAUSE CANCER. FURTHER INFORMATION MAY BE OBTAINED FROM THE BUILDER/SELLER.**

The following information is intended to explain the warning furnished by Seller of this home for exposures to formaldehyde, a substance known to the State of California to cause cancer. The exposures are caused by materials of which the house is or will be built.

The United States Environmental Protection Agency, the California Air Resources Board, and other agencies have measured the presence of formaldehyde in the indoor air of homes in California. Levels of formaldehyde that present a significant cancer risk have been measured in most homes. Formaldehyde is present in the air because it is emitted by a variety of building materials and home products purchased by Seller from materials suppliers. These materials include carpeting, pressed wood products, insulation, plastics, and glues.

This home, if constructed prior to entering into this Agreement, has not been tested, and if constructed after entering into this Agreement, will not be tested. Most homes that have been tested elsewhere do contain formaldehyde, although the concentrations vary from home to home with no obvious explanation for the differences. One of the problems is that many suppliers of building materials and home products do not provide information on chemical ingredients to builders. In the absence of specific information on these homes, and in light of the materials used in their construction, Seller believes that a warning is necessary.

Buyer may have further questions about these issues. Seller is willing to share any further information Seller has obtained and will provide, upon request, a list of known materials suppliers that may be contacted for further information, and whether any inquiry has been made by Seller.

- 12. LEGAL ADVICE:** Buyer and Seller are advised to consult with legal counsel: (i) about whether to elect to engage in an alternate non-adversarial procedure other than the procedure set forth in Civil Code § 914 and (ii) regarding the effect of an EPA, as specified in paragraph 10B above, and the implications to each party in this transaction if construction defect claims are not subject to the provisions of Chapter 2. Seller is also advised to consult with legal counsel: (i) to determine whether it is advisable to record on title, in addition to the Notice provided in paragraph 4A above, additional documents, and if so, which ones and when, and (ii) whether Seller should elect to offer an EPA in place of the protection granted by Chapter 2.

By signing below, Buyer and Seller acknowledge that each has read, understands, received a copy of, and agrees to the terms of this New Construction Addendum.

**NEW CONSTRUCTION
PROPERTY DISCLOSURE STATEMENT**
(C.A.R. Form NCDS Revised 4/15)

SELLER: Chuck Donnel (TRE), Mary E. Donnel (TRE)

Lot: 2020

BUYER: _____

Phase: _____

This Property Disclosure Statement ("Statement") is provided to Buyer in connection with the New Construction Residential Purchase Agreement and Joint Escrow Instructions entered into between Buyer and Seller dated September 15, 2020 ("Agreement") for the purchase of the therein-referenced real property ("Property"), with reference to the Property and the project in which the Property is located ("Project").

1. **BOUNDARY LINES:** The grading of the Project may result in the boundary lines for the Property not being located at either the top or the bottom of any slopes. The Final Map and/or Condominium Plan determines the boundary lines for the Project, not by grading or topography. The perimeter and/or fences of the Property and the Project are located according to the grading of the slopes, and may not necessarily be located on the boundary lines. Buyer should consult with a registered civil engineer about any questions regarding boundaries.
2. **GRADING:** The Project was graded according to the drainage specifications established by the appropriate governmental agency and Seller will not be responsible for the drainage characteristics, subsurface moisture or erosion of the Project in the event of any changes to the grade, whether through the installation of landscaping or otherwise. Buyer is advised not to make any changes to the grade or the lot without the prior written consent of Seller or, if applicable, the Architectural Committee established for the Project, if any, and, if required, by the ordinances or regulations of any governmental agency. Buyer understands that failure to adequately landscape the Property may result in erosion and resulting changes in the drainage of the Project.
3. **SOILS CONDITION:** Soils and geotechnical conditions vary throughout California, and soils are often expansive or composed of large amounts of rock and may react in differing manners to various structural loads. Seller makes no representations or warranty as to the adequacy of the soils' condition for improvements other than those constructed by Seller. Buyer is advised to engage the services of a qualified contractor and geotechnical engineer for the installation of any improvements (including, without limitation, swimming pools and spas) to ensure appropriate design and construction methods, including proper drainage and stabilization measures. Due to differing geologic conditions, design methods vary from location to location.
4. **MOISTURE PERCOLATION:** Due to varying soil conditions on the Property and/or surrounding area, some planting areas on the Property may be resistant to moisture percolation. For example, irrigation water may collect beneath a tree rather than percolate into the ground and could cause the tree to become over-saturated or "waterlogged" and wither and die if adequate protection measures are not taken. Buyer is advised to employ the services of a professional when planning and installing Buyer's landscaping, irrigation and drainage system to properly address the soils condition of the Property and the surrounding area.
5. **DRAINAGE:** The Property has been designed to adequately accommodate anticipated drainage and water runoff. Area drains and/or swales may be located on the Property. If Buyer installs and/or changes landscaping, realigns or interferes with the existing grade or in any way interferes with such area drains and/or swales, Buyer may cause blockage in the existing drainage system and flooding, subsidence of supporting soil, or other damage to the Property and/or nearby properties. Buyer is advised to employ the services of a professional when installing and/or changing landscaping, realigning or interfering with the existing grade or interfering with such area drains or swales, and to take adequate precautions to ensure proper drainage.
6. **SWIMMING POOLS:** Some of the lots in the Project may be of natural cut soil. Some of these cut lots contain rock, which will make it difficult to excavate for an in-ground swimming pool. Seller makes no warranty or assurance with reference to the Property being able to accept such a pool. Buyer is advised to use an outside consultant if Buyer needs clarification with regard to the Property being able to accept a swimming pool.
7. **WATERBEDS:** The residence constructed on the Property has not been designed to support waterbeds or other personal property items of similar weight. Placement of such property above the ground floor level may exceed the design live load, which could cause serious safety hazards. Seller shall not be responsible for any damage or injury caused by such items.
8. **EASEMENTS AND OTHER MATTERS OF RECORD:** Buyer acknowledges that Buyer has reviewed the Final Map for the Project and will read and approve the preliminary (title) report for the Property prior to the Close of Escrow. Additional easements and other matters of record may also be included in the Project after the date of the Agreement which could affect the Property purchased by Buyer. Seller specifically refers Buyer to the preliminary (title) report prepared in connection with Buyer's purchase of the Property as to the existence and location of easements and other matters affecting the Property.
9. **UTILITIES:** Buyer is responsible for requesting installation of utility meters and for obtaining service for telephone, electricity, gas, water, cable television and garbage service, as applicable, prior to Close Of Escrow. As of Close Of Escrow, all utilities under Seller's name will be terminated.
10. **AREAS OUTSIDE OF PROJECT:** Seller makes no representation nor takes responsibility for any activity or condition that takes place or arises on any area outside of the Project.

Buyer acknowledges receipt of a copy of this page.

- 11. HAZARDOUS MATERIALS:** Seller makes no warranty as to the existence on, in, under, or about the Project, or on any adjoining property, of any hazardous or toxic substances or petroleum products (collectively, "Hazardous Materials"), except that Seller represents that it has no actual knowledge as of the Close of Escrow of the existence of any Hazardous Materials on, in or under the Project or any adjoining properties. Buyer acknowledges that Buyer is assuming the risk of the existence of such Hazardous Materials in, on or about the Project, except to the extent the same were placed on the Project by Seller or Seller had actual knowledge of the same as of the Close Of Escrow, and Buyer hereby waives any claim or cause of action against Seller arising out of the existence of any such unknown Hazardous Materials. Buyer is advised to engage qualified experts and inquire of governmental officials regarding all possible hazards.
- 12. PLANS AND DIMENSIONS:** The blueprint drawings, sales brochures, plot plans, improvement plans, and other documents and information regarding the Property and the Project all contain dimensions that are approximate. They are not intended to be precise dimensions with regard to the subdivision and its improvements. Construction will occur in substantial conformance with the plans and specifications therefor, but dimensions will vary based on factors such as construction variances, method of measurement, architectural modifications, etc.
- 13. CHANGES BY SELLER:** Seller may change its pricing, product, development plan and/or marketing methods for the Project or other phases of the Project, including, without limitation, the following that may adversely affect the value of the Project:
 - A. Seller may elect to sell other residences, lots or units in the current phase of the Project, or in future phases, under terms and conditions that are more favorable than those offered to Buyer;
 - B. Seller may elect to sell residences, lots, or units in bulk to another builder or by auction (with or without reserve) to members of the general public under terms and conditions that are more favorable than those offered to Buyer;
 - C. Seller may elect not to build residences on each lot in the current phase or future phases of the Project, or may elect to build different types or sizes of residences on smaller or larger lots, or may use different construction methods to build such residences; and
 - D. Seller may elect to build residences of the same type as the Property in the current or future phases, but to reduce the sales price for such residences, or to improve such residences with more or less expensive features and amenities.
- 14. CONSTRUCTION AND SALES ACTIVITY:** If all of the residences and related development in the Project have not been completed, some inconvenience will be experienced due to increased noise and dust caused by construction and sales traffic and activities. Construction areas are for construction traffic and personnel only and are not open to the public.
- 15. PERIMETER WALLS AND FENCES:** The location of any fences and walls to be installed in connection with the Property may vary from the exhibits and drawings. Seller may change or alter its plans for fences and walls and/or substitute materials used in connection with such fences and walls, without notice to Buyer, provided that such changes or substitutions are acceptable to any governmental agencies having jurisdiction over the Project.
- 16. VARIATIONS IN COLOR -TILE, GROUT, STONE AND WOOD:** Certain tiles have a color variance from tile to tile and the consistency of color in tiles is not warranted by Seller. Colored tile grout may be used as a decorator feature on certain tile areas and the color shade may vary on a particular installation due to the wide variety of tiles available, job site conditions and finishing techniques. The elements of nature, including, but not limited to, sun, temperature, food or chemical reactions, may combine with the aging process to change the color of grout in varying degrees from time to time. In the event that repairs or replacement of tile grout are required in the future, it may be impossible to match the original color of the tile or tile grout. The use of colored grout may result in discoloration, flecking and/or cracked appearance of the ceramic tile in the areas where colored grout is used. Because marble, stone and some tiles are natural materials, the color of any such product installed as an option may vary from the model sample. Similarly, the finish color and the color of the wood of any natural wood cabinets installed may vary from the samples displayed in the models and the consistency in color of the wood cabinets installed in the Property is not warranted.
- 17. BUILDING EXTERIORS:** Stucco, like concrete, is a cement-based product subject to hairline cracks due to, among other reasons, drying shrinkage, settlement, wood shrinkage, earthquakes and weather conditions. Buyer is advised that some cracking is customary at the corners of windows and doors. Buyer acknowledges that, if repairs are made to such cracks, a perfect match of colors is not possible.
- 18. MISCELLANEOUS:** Seller has not made any written or oral statement, representation or warranty with respect to the Property or the Project that is not specifically set forth in the Agreement, including, but not limited to, any representations of the following:
 - A. That prices will increase or that the Property's value will appreciate. Seller reserves the right to increase or decrease prices for future sales within the Project at any time without notice.
 - B. The availability of any school or school facilities for the Project.
 - C. The existence of any "view" from the Property or that any existing "view" will not be obstructed in the future.
 - D. Traffic conditions in or near the Property.
 - E. Any future use of the Project or adjacent properties.

FEDERAL GUIDELINES

FOREIGN PERSONS DEFINED. The following general information is provided to assist sellers in determining whether they are "foreign persons" for purposes of the Foreign Investment in Real Property Tax Act (FIRPTA), IRC §1445. FIRPTA requires a buyer to withhold and send to the IRS 15% of the gross sales price of a United States (U.S.) real property interest if the seller is a foreign person. Certain restrictions and limitations apply. No withholding is required for a seller who is a U.S. person (that is, not a foreign person). In order for an individual to be a U.S. person, he/she must be either a U.S. citizen or a U.S. resident alien. The test must be applied separately to each seller in transactions involving more than one seller. Even if the seller is a foreign person, withholding will not be required in every circumstance.

NONRESIDENT ALIEN INDIVIDUAL. An individual whose residence is not within the U.S. and who is not a U.S. citizen is a nonresident alien. The term includes a nonresident alien fiduciary. An alien actually present in the U.S. who is not just staying temporarily (i.e., not a mere transient or sojourner), is a U.S. resident for income tax purposes. An alien is considered a U.S. resident and not subject to withholding under FIRPTA if the alien meets either the **green card test** or the **substantial presence test** for the calendar year.

GREEN CARD TEST. An alien is a U.S. resident if the individual was a lawful permanent resident of the U.S. at any time during the calendar year. This is known as the "green card test."

SUBSTANTIAL PRESENCE TEST. An alien is considered a U.S. resident if the individual meets the substantial presence test for the calendar year. Under this test, the individual must be physically present in the U.S. on at least: (1) 31 days during the current calendar year; and (2) 183 days during the current year and the two preceding years, counting all the days of physical presence in the current year but only 1/3 the number of days present in the first preceding year, and 1/6 the number of days present in the second preceding year.

DAYS OF PRESENCE IN THE U.S. TEST. Generally, a person is treated as physically present in the country at any time during the day. However, if a person regularly commutes to work in the U.S. from a residence in Canada or Mexico or is in transit between two points outside the U.S. and is physically present in the country for less than 24 hours, he/she is not treated as present in the U.S. on any day during the transit or commute. In addition, the individual is not treated as present in the U.S. on any day during which he/she is unable to leave the U.S. because of a medical condition which arose while in the U.S.

EXEMPT INDIVIDUAL. For the substantial presence test, do not count days for which a person is an exempt individual. An exempt individual is anyone in the following categories:

- 1) An individual temporarily present in the U.S. because of (a) full-time diplomatic or consular status, (b) full-time employment with an international organization or (c) an immediate family member of a person described in (a) or (b).
- 2) A teacher or trainee temporarily present in the U.S. under a "J" visa (other than as a student) who substantially complies with the requirements of the visa. An individual will not be exempt under this category for a calendar year if he/she was exempt as a teacher or trainee or as a student for any two calendar years during the preceding six calendar years.
- 3) A student temporarily present in the U.S. under an "F" or "J" visa who substantially complies with the requirements of the visa. Generally, a person will not be exempt as a student for any calendar year after the fifth calendar year for which he/she was exempt as a student, teacher or trainee. However, the individual may continue to be exempt as a student beyond the fifth year if he/she is in compliance with the terms of the student visa and does not intend to permanently reside in the U.S.

CLOSER CONNECTION TO A FOREIGN COUNTRY. Even if an individual would otherwise meet the substantial presence test, that person is not treated as meeting the test for the current calendar year if he/she:

- 1) Is present in the U.S. on fewer than 183 days during the current year, and has a tax home in a foreign country and has a closer connection to that country than to the U.S.
- 2) **SPECIAL RULES.** It is possible to be both a nonresident alien and a resident alien during the same tax year. Usually this occurs for the year a person arrives in or departs from the U.S. Other special provisions apply to individuals who were U.S. residents for at least three years, cease to be U.S. residents, and then become U.S. residents again.

NONRESIDENT ALIEN INDIVIDUALS MARRIED TO U.S. CITIZENS OR RESIDENT ALIENS may choose to be treated as resident aliens for most income tax purposes. However, these individuals are considered **nonresidents** for purposes of withholding taxes.

A FOREIGN PERSON OR PARTNERSHIP is one that does not fit the definition of a domestic corporation or partnership. A domestic corporation or partnership is one that was created or organized in the U.S., or under the laws of the U.S., or of any U.S. state or territory.

GUAM AND U.S. VIRGIN ISLANDS CORPORATIONS. A corporation created or organized in or under the laws of Guam or the U.S. Virgin Islands is not considered a foreign corporation for the purpose of withholding tax for the tax year if:

- 1) at all times during the tax year, less than 25% in value of the corporation's stock is owned, directly or indirectly, by foreign persons, and
- 2) at least 20% of the corporation's gross income is derived from sources within Guam or at least 65% of the corporation's income is effectively connected with the conduct of a trade or business in the U.S. Virgin Islands or the U.S. for the 3-year period ending with the close of the preceding tax year of the corporation, or the period the corporation has been in existence if less.

A NONRESIDENT ALIEN TRUSTEE, ADMINISTRATOR OR EXECUTOR of a trust or an estate is treated as a nonresident alien, even though all the beneficiaries of the trust or estate are citizens or residents of the U.S.

FIRPTA requires a buyer to withhold and send to the IRS 15% of the gross sales price of a United States (U.S.) real property interest if the seller is a foreign person. Certain restrictions and limitations apply. No withholding is required for a seller who is a U.S. person (that is, not a foreign person). In order for an individual to be a U.S. person, he/she must be either a U.S. citizen or a U.S. resident alien. The test must be applied separately to each seller in transactions involving more than one seller. Even if the seller is a foreign person, withholding will not be required in every circumstance.

NONRESIDENT ALIEN INDIVIDUAL. An individual whose residence is not within the U.S. and who is not a U.S. citizen is a nonresident alien. The term includes a nonresident alien fiduciary. An alien actually present in the U.S. who is not just staying temporarily (i.e., not a mere transient or sojourner), is a U.S. resident for income tax purposes. An alien is considered a U.S. resident and not subject to withholding under FIRPTA if the alien meets either the **green card test** or the **substantial presence test** for the calendar year.

GREEN CARD TEST. An alien is a U.S. resident if the individual was a lawful permanent resident of the U.S. at any time during the calendar year. This is known as the "green card test."

SUBSTANTIAL PRESENCE TEST. An alien is considered a U.S. resident if the individual meets the substantial presence test for the calendar year. Under this test, the individual must be physically present in the U.S. on at least: (1) 31 days during the current calendar year; and (2) 183 days during the current year and the two preceding years, counting all the days of physical presence in the current year but only 1/3 the number of days present in the first preceding year, and 1/6 the number of days present in the second preceding year.

DAYS OF PRESENCE IN THE U.S. TEST. Generally, a person is treated as physically present in the country at any time during the day. However, if a person regularly commutes to work in the U.S. from a residence in Canada or Mexico or is in transit between two points outside the U.S. and is physically present in the country for less than 24 hours, he/she is not treated as present in the U.S. on any day during the transit or commute. In addition, the individual is not treated as present in the U.S. on any day during which he/she is unable to leave the U.S. because of a medical condition which arose while in the U.S.

EXEMPT INDIVIDUAL. For the substantial presence test, do not count days for which a person is an exempt individual. An exempt individual is anyone in the following categories:

- 1) An individual temporarily present in the U.S. because of (a) full-time diplomatic or consular status, (b) full-time employment with an international organization or (c) an immediate family member of a person described in (a) or (b).
- 2) A teacher or trainee temporarily present in the U.S. under a "J" visa (other than as a student) who substantially complies with the requirements of the visa. An individual will not be exempt under this category for a calendar year if he/she was exempt as a teacher or trainee or as a student for any two calendar years during the preceding six calendar years.
- 3) A student temporarily present in the U.S. under an "F" or "J" visa who substantially complies with the requirements of the visa. Generally, a person will not be exempt as a student for any calendar year after the fifth calendar year for which he/she was exempt as a student, teacher or trainee. However, the individual may continue to be exempt as a student beyond the fifth year if he/she is in compliance with the terms of the student visa and does not intend to permanently reside in the U.S.

CLOSER CONNECTION TO A FOREIGN COUNTRY. Even if an individual would otherwise meet the substantial presence test, that person is not treated as meeting the test for the current calendar year if he/she:

- 1) Is present in the U.S. on fewer than 183 days during the current year, and has a tax home in a foreign country and has a closer connection to that country than to the U.S.
- 2) **SPECIAL RULES.** It is possible to be both a nonresident alien and a resident alien during the same tax year. Usually this occurs for the year a person arrives in or departs from the U.S. Other special provisions apply to individuals who were U.S. residents for at least three years, cease to be U.S. residents, and then become U.S. residents again.

NONRESIDENT ALIEN INDIVIDUALS MARRIED TO U.S. CITIZENS OR RESIDENT ALIENS may choose to be treated as resident aliens for most income tax purposes. However, these individuals are considered **nonresidents** for purposes of withholding taxes.

A FOREIGN PERSON OR PARTNERSHIP is one that does not fit the definition of a domestic corporation or partnership. A domestic corporation or partnership is one that was created or organized in the U.S., or under the laws of the U.S., or of any U.S. state or territory.

GUAM AND U.S. VIRGIN ISLANDS CORPORATIONS. A corporation created or organized in or under the laws of Guam or the U.S. Virgin Islands is not considered a foreign corporation for the purpose of withholding tax for the tax year if:

- 1) at all times during the tax year, less than 25% in value of the corporation's stock is owned, directly or indirectly, by foreign persons, and
- 2) at least 20% of the corporation's gross income is derived from sources within Guam or at least 65% of the corporation's income is effectively connected with the conduct of a trade or business in the U.S. Virgin Islands or the U.S. for the 3-year period ending with the close of the preceding tax year of the corporation, or the period the corporation has been in existence if less.

A NONRESIDENT ALIEN TRUSTEE, ADMINISTRATOR OR EXECUTOR of a trust or an estate is treated as a nonresident alien, even though all the beneficiaries of the trust or estate are citizens or residents of the U.S.

A. Investigation of Physical Conditions

- EASEMENTS, ACCESS AND ENCROACHMENTS:** Buyer and Seller are advised that confirming the exact location of easements, shared or private driveways or roadways, and encroachments on or to the Property may be possible only by conducting a survey. There may be unrecorded easements, access rights, encroachments and other agreements affecting the Property that may not be disclosed by a survey. Representations regarding these items that are made in a Multiple Listing Service or advertisements, or plotted by a title company are often approximations, or based upon inaccurate or incomplete records. Unless otherwise specified by Broker in writing, Brokers have not verified any such matters or any representations made by Seller(s) or others. If Buyer wants further information, Buyer is advised and Broker(s) recommend that Buyer hire a licensed surveyor during Buyer's inspection contingency period. Brokers do not have expertise in this area.
- ENVIRONMENTAL HAZARDS:** Buyer and Seller are advised that the presence of certain kinds of organisms, toxins and contaminants, including, but not limited to, mold (airborne, toxic or otherwise), fungi, mildew, lead-based paint and other lead contamination, asbestos, formaldehyde, radon, pcb's, methane, other gases, fuel oil or chemical storage tanks, contaminated soil or water, hazardous waste, waste disposal sites, electromagnetic fields, nuclear sources,

urea formaldehyde, or other materials may adversely affect the Property and the health of individuals who live on or work at the property as well as pets. Some municipalities may impose additional requirements regarding underground storage tanks, which may be more common in certain areas and cities throughout the State, especially where there are larger, older homes built before 1935. It is possible that these tanks, either now or in the future, may require inspections or abatement. If Buyer wants further information, Buyer is advised, and Broker(s) recommends, that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Buyer is also advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Broker recommends that Buyer and Seller read the booklets titled, "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants," and "Protect Your Family From Lead In Your Home." Brokers do not have expertise in this area.

3. **FORMALDEHYDE:** Formaldehyde is a substance known to the State of California to cause cancer. Exposure to formaldehyde may be caused by materials used in the construction of homes. The United States Environmental Protection Agency, the California Air Resources Board, and other agencies have measured the presence of formaldehyde in the indoor air of select homes in California. Levels of formaldehyde that present a significant cancer risk have been measured in most homes that were tested. Formaldehyde is present in the air because it is emitted by a variety of building materials and home products used in construction. The materials include carpeting, pressed wood products, insulation, plastics, and glues. Most homes that have been tested elsewhere do contain formaldehyde, although the concentrations vary from home to home with no obvious explanation for the differences. One of the problems is that many suppliers of building materials and home products do not provide information on chemical ingredients to builders. Buyers may have further questions about these issues. Buyer is advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Broker(s) recommend that Buyer and Seller read the booklet titled "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants." Brokers do not have expertise in this area.
4. **GEOLOGIC HAZARDS:** Buyer and Seller are advised that California has experienced earthquakes in the past, and there is always a potential of future earthquakes. Damage caused by an earthquake may not be discoverable by a visual inspection of Buyer(s) or Broker(s). Inspection by a licensed, qualified professional is strongly recommended to determine the structural integrity and safety of all structures and improvements on the Property. If the Property is a condominium, or located in a planned unit development or in a common interest subdivision, Buyer is advised to contact the homeowners association about earthquake repairs and retrofit work and the possibility of an increased or special assessment to defray the costs of earthquake repairs or retrofit work. Buyer is encouraged to obtain and read the booklet entitled, "The Homeowner's Guide to Earthquake Safety." In most cases a questionnaire within the booklet must be completed by Seller and the entire booklet given to the Buyer if the Property was built prior to 1960. If the Property was built before 1975, and contains structures constructed of masonry or precast (tilt up) concrete walls, with wood frame floors or roof, or if the building has unreinforced masonry walls, then Seller must provide Buyer a pamphlet entitled "The Commercial Property Owner's Guide to Earthquake Safety." Many areas have a wide range of geologic problems and numerous studies have been made of these conditions. Some of this information is available for public review at city and county planning departments. Buyer is encouraged to review the public maps and reports and/or obtain a geologist's inspection report. Buyer may be able to obtain earthquake insurance to protect their interest in the Property. Sellers who agree to provide financing should also consider requiring Buyers to obtain such insurance naming Seller(s) as insured lien holder(s). Brokers do not have expertise in this area.
5. **INSPECTIONS:** Buyer and Seller are advised that Buyer has the right to obtain various inspections of the Property under most residential purchase agreements. Buyer is advised to have the Property inspected by a professional property inspection service within Buyer's inspection contingency period. A licensed building contractor or other professional may perform these services. The inspector generally does not look behind walls or under carpets, or take equipment apart. Certain items on the Property, such as chimneys and spark arresters, plumbing, heating, air conditioning, electrical wiring, pool and spa, septic system, well, roof, foundation and structural items may need to be inspected by another professional, such as a chimney sweep, plumber, electrician, pool and spa service, septic or well company or roofer. A general physical inspection typically will not test for mold, wood destroying pests, lead-based paint, radon, asbestos and other environmental hazards, geologic conditions, age, remaining useful life or water-tightness of roof, cracks, leaks or operational problems associated with a pool or spa or connection of the Property to a sewer system. If Buyer wants further information on any aspect of the Property, Broker recommends that Buyer have a discussion with the professional property inspector and that Buyer hire an appropriate professional for the area of concern to Buyer. Brokers do not verify the results of any such inspection or guarantee the performance of any such inspector or service. Any election by Buyer to waive the right to a physical inspection of the Property or to rely on somebody other than an appropriate professional is against the advice of Brokers. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Brokers do not have expertise in these area.
6. **MOLD:** Buyer and Seller are advised that the presence of certain kinds of mold, fungi, mildew and other organisms, sometimes referred to as "toxic mold" (collectively "Mold"), may adversely affect the Property and the health of individuals who live on or work at the Property as well as pets. Mold does not affect all people the same way, and may

not affect some people at all. Mold may be caused by water leaks or other sources of moisture such as, but not limited to, flooding, and leaks in windows, pipes and roof. Seller is advised to disclose the existence of any such conditions of which he or she is aware. Buyer should carefully review all of Seller's disclosures for any indication that any of these conditions exist. It is, however, possible that Mold may be hidden and that Seller is completely unaware of its existence. In addition, Mold is often undetectable from a visual inspection, a professional general property inspection and even a structural pest control inspection. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer have the Property tested for Mold by an environmental hygienist or other appropriate professional during Buyer's inspection contingency period. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Brokers do not have expertise in this area.

7. **PETS AND ANIMALS:** Buyer and Seller are advised that the current or previous owner(s) may have had domesticated or other pets and animals at the Property. Odors from animal urine or other contamination may be dormant for long periods of time and then become active because of heat, humidity or other factors and might not be eliminated by cleaning or replacing carpets or other cleaning methods. Pet urine and feces can also damage hardwood floors and other floor coverings. Additionally, an animal may have had fleas, ticks and other pests that remain on the Property after the animal has been removed. If Buyer wants further information, Broker(s) recommend that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.
8. **SEPTIC SYSTEMS:** Buyer and Seller are advised that a property may be served by one or more septic systems even though adjoining properties are connected to a sewer line. Buyer and Seller are also advised that some septic tanks and systems may have been abandoned or have leaked into ground water sources. Buyer is advised to contact the appropriate government agency to verify that the Property is connected to a sewer or served by a septic system. If the Property is served by a septic system, it may consist of a septic tank, cesspool, pits, leach lines or a combination of such mechanisms ("collectively, System"). No representation or warranty is made by Seller or Broker concerning the condition, operability, size, capacity or future expansion of a System, nor whether a System is adequate for use by the intended occupants of the Property. A change in the number of occupants or the quantity, composition or methods of depositing waste may affect the efficiency of the System. In addition, the amount of rainfall and ground water table may also affect the efficiency of the System. Many factors including, but not limited to, natural forces, age, deterioration of materials and the load imposed on a System can cause the System to fail at any time. Broker recommends that Buyer obtain an independent evaluation of any System by a qualified sanitation professional during Buyer's inspection contingency period. Buyer should consult with their sanitation professional to determine if their report includes the tank only, or other additional components of the System such as pits and leach fields. Not all inspectors are licensed and licenses are not available for all types of inspection activities. In some cases, Buyer's lender as well as local government agencies may require System inspection. System-related maintenance costs may include, but not be limited to, locating, pumping or providing outlets to ground level. Brokers are unable to advise Buyer or Seller regarding System-related issues or associated costs, which may be significant. If Buyer and Seller agree to obtain a System inspection, Buyer and Seller are cautioned that the inspection cost may include, but not be limited to, the costs of locating, pumping or providing outlets to ground level. Brokers do not have expertise in this area.
9. **SOIL AND GEOLOGIC CONDITIONS:** Buyer and Seller are advised that real estate in California is subject to settling, slippage, contraction, expansion erosion, subsidence, earthquakes and other land movement. The Property may be constructed on fill or improperly compacted soil and may have inadequate drainage capability. Any of these matters can cause structural problems to improvements on the Property. Civil or geo-technical engineers are best suited to evaluate soil stability, grading, drainage and other soil conditions. Additionally, the Property may contain known or unknown mines, mills, caves or wells. If Buyer wants further information, Broker recommends that Buyer hire an appropriate professional. Not all inspectors are licensed and licenses are not available for all types of inspections. Brokers do not have expertise in this area.
10. **SQUARE FOOTAGE, LOT SIZE, BOUNDARIES AND SURVEYS:** Buyer and Seller are advised that only an appraiser or land surveyor, as applicable, can reliably confirm square footage, lot size, Property corners and exact boundaries of the Property. Representations regarding these items that are made in a Multiple Listing Service, advertisements, and from property tax assessor records are often approximations, or based upon inaccurate or incomplete records. Fences, hedges, walls or other barriers may not represent actual boundary lines. Unless otherwise specified by Broker in writing, Brokers have not verified any such boundary lines or any representations made by Seller or others concerning square footage, lot size, Property corners or exact boundaries. Standard title insurance does not insure the boundaries of the Property. If the exact square footage or lot size or location of Property corners or boundaries is an important consideration in Buyer's decision to purchase the Property and/or how much Buyer is willing to pay for the Property, then Buyer must independently conduct Buyer's own investigation through appropriate professionals, appraisers, or licensed surveyors and rely solely on their data, recognizing that all measurements may not be consistent and that different sources may have different size assessments. Brokers do not have expertise in this area.
11. **WATER INTRUSION:** Buyer and Seller are advised that many homes suffer from water intrusion or leakage. The causes of water intrusion are varied, and can include defective construction, faulty grading, deterioration of building materials and absence of waterproof barriers. Water intrusion can cause serious damage to the Property. This damage

can consist of wood rot, mold, mildew and even damage to the structural integrity of the Property. The cost of repairing and remediating water intrusion damage and its causes can be very significant. The existence and cause of water intrusion is often difficult to detect. Because you, your Broker or a general home inspector cannot visually observe any effects of water intrusion, Buyer and Seller should not assume that such intrusion does not exist. Broker recommends that Buyer have the Property inspected for water intrusion by an appropriate professional. Brokers do not have expertise in this area.

12. **WELL AND WATER SYSTEM(S):** Buyer and Seller are advised that the Property may be served by one or more water wells, springs, or private community or public water systems. Any of these private or public water systems may contain bacteria, chemicals, minerals and metals, such as chromium. Well(s) may have been abandoned on the Property. Buyer is advised to have both the quality and the quantity of water evaluated, and to obtain an analysis of the quality of any domestic and agricultural water in use, or to be used at the Property, from whatever source. Water quality tests can include not only tests for bacteria, such as coliform, but also tests for organic and inorganic chemicals, metals, mineral content and gross alpha testing for radioactivity. Broker recommends that Buyer consult with a licensed, qualified well and pump company and local government agency to determine whether any well/spring or water system will adequately serve Buyer's intended use and that Buyer have a well consultant perform an extended well output test for this purpose. Water well or spring capacity, quantity output and quality may change at any time. There are no guarantees as to the future water quality, quantity or duration of any well or spring. If Buyer wants further information, Broker(s) recommend that Buyer obtain an inspection of the condition, age, adequacy and performance of all components of the well/spring and any water system during Buyer's inspection contingency period. Brokers do not have expertise in this area.
13. **WOOD DESTROYING PESTS:** Buyer and Seller are advised that the presence of, or conditions likely to lead to the presence of infestation or infection of wood destroying pests and organisms may adversely affect the Property. Inspection reports covering these items can be separated into two sections: Section 1 identifies areas where infestation or infection is evident. Section 2 identifies areas where there are conditions likely to lead to infestation or infection. If Buyer wants further information, Buyer is advised and Broker recommends that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation, by a registered structural pest control company during Buyer's inspection contingency period. Brokers do not have expertise in this area.

B. Property Use and Ownership

1. **ACCESSORY DWELLING UNITS:** Accessory Dwelling Units (ADUs) are known by many names: granny flats, in-law units, backyard cottages, secondary units and more. California has passed laws to promote the development of ADUs. Additional information about ADUs can be found at <http://hcd.ca.gov/policy-research/AccessoryDwellingUnits.shtml>. Buyer is advised to check with appropriate government agencies or third party professionals to verify permits and legal requirements and the effect of such requirements on current and future use and rentability of the Property, its development and size. Brokers do not have expertise in this area.
2. **BUILDING PERMITS, ZONING AND CODE COMPLIANCE:** Buyer and Seller are advised that any structure on the Property, including the original structure and any addition, modification, remodel or improvement may have been built without permits, not according to building codes, or in violation of zoning laws. Further, even if such structure was built according to the then-existing code or zoning requirement, it may not be in compliance with current building standards or local zoning. It is also possible that local law may not permit structures that now exist to be rebuilt in the event of damage or destruction. Certain governmental agencies may require periodic inspections to occur in the future. If Buyer wants further information, Broker(s) recommend that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.
3. **BUYER INTENDED FUTURE USE OF, AND MODIFICATIONS TO, THE PROPERTY:** Buyer and Seller are advised that Seller's existing use of the property may not be consistent with Buyer's intended use or any future use that Buyer makes of the property, whether or not Buyer has any current plans to change the use. Buyer is advised to check with appropriate government agencies or third party professionals to verify what legal requirements are needed to accommodate any change in use. In addition, neither Seller nor Broker make any representations as to what modifications Buyer can make to the Property after close of escrow as well as any cost factors associated with any such modifications. Buyer is advised to check with his own licensed contractor and other such professionals as well as with the appropriate government agencies to determine what modifications Buyer will be allowed to make after close of escrow. Brokers do not have expertise in this area.
4. **CALIFORNIA FAIR PLAN:** Buyer and Seller are advised that insurance for certain hillside, oceanfront and brush properties may be available only from the California Fair Plan. This may increase the cost of insurance for such properties and coverage may be limited. Broker(s) recommend that Buyer consult with Buyer's own insurance agent during Buyer's inspection contingency period regarding the availability of coverage under the California Fair Plan and the length of time it may take for processing of a California Fair Plan application. Brokers do not have expertise in this area.

5. **FUTURE REPAIRS, REPLACEMENTS AND REMODELS:** Buyer and Seller are advised that replacement or repairs of certain systems or rebuilding or remodeling of all or a portion of the Property may trigger requirements that homeowners comply with laws and regulations that either come into effect after Close of Escrow or are not required to be complied with until the replacement, repair, rebuild or remodel has occurred. Permit or code requirements or building standards may change after Close of Escrow, resulting in increasing costs to repair existing features. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.
6. **HEATING VENTILATING AND AIR CONDITIONING SYSTEMS:** Changes to state and federal energy efficiency regulations impact the installation, replacement and some repairs of heating and air conditioning units (HVAC): (i) Federal regulations now require manufacturers of HVAC units to produce only units meeting a new higher Seasonal Energy Efficiency Rating (SEER). This will likely impact repairs and replacements of existing HVAC units. State regulations now require that when installing or replacing HVAC units, with some exceptions, duct work must be tested for leaks. Duct work leaking more than 15 percent must be repaired to reduce leaks. The average existing duct work typically leaks 30 percent. More information is available at the California Energy Commission's website <http://www.energy.ca.gov/title24/changeout>. Home warranty policies may not cover such inspections or repairs, (ii) the phase out of the use of HCFC-22 (R-22 Freon) will have an impact on repairs and replacement of existing air conditioning units and heat pumps. The production and import of HCFC-22 ended January 1, 2020. Existing systems may continue to be used and HCFC-22 recovered and reclaimed or that was produced prior to 2020 can help meet the needs of existing systems, however, costs may rise. More information is available from the Environmental Protection Agency at https://www.epa.gov/sites/production/files/2018-08/documents/residential_air_conditioning_and_the_phaseout_of_hcfc-22_what_you_need_to_know.pdf and <http://www.epa.gov/ozone/title6/phaseout/22phaseout.html>, and (iii) New efficiency standards are also in place for water heaters. As a consequence, replacement water heaters will generally be larger than existing units and may not fit in the existing space. Additional venting and other modifications may be required as well. More information is available from the U.S. Department of Energy at http://www.eere.energy.gov/buildings/appliance_standards/product.aspx/productid/27. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.
7. **HISTORICAL DESIGNATION, COASTAL COMMISSION, ARCHITECTURAL, LANDSCAPE, AGRICULTURAL OR OPEN SPACE AND OTHER RESTRICTIONS ON BUILDINGS OR IMPROVEMENTS:** Buyer and Seller are advised that the Property may be: (i) designated as a historical landmark, (ii) protected by a historical conservancy, (iii) subject to an architectural or landscaping review process, (iv) within the jurisdiction of the California Coastal Commission or other government agency, or (v) subject to a contract preserving use of all or part of the Property for agriculture or open space. If the Property is so designated or within the jurisdiction of any such, or similar, government agency, then there may be restrictions or requirements regarding Buyer's ability to develop, remove or trim trees or other landscaping, remodel, make improvements to and build on or rebuild the Property. Broker(s) recommend that Buyer satisfy him/herself during Buyer's inspection contingency period if any of these issues are of concern to Buyer. Brokers do not have expertise in this area.
8. **INSURANCE, TITLE INSURANCE AND TITLE INSURANCE AFTER FORECLOSURE:** Buyer and Seller are advised that Buyer may have difficulty obtaining insurance regarding the Property if there has been a prior insurance claim affecting the Property or made by Buyer but unrelated to the Property. Seller is required by C.A.R. Form RPA to disclose known insurance claims made during the past five years (C.A.R. Form SPQ or ESD). Sellers may not be aware of claims prior to their ownership. If Buyer wants further information, Broker(s) recommend that, during Buyer's inspection contingency period, Buyer conduct his or her own investigation for past claims. Buyer may need to obtain Seller's consent in order to have access to certain investigation reports. If the Property is a condominium, or is located in a planned unit development or other common interest subdivision, Buyer and Seller are advised to determine if the individual unit is covered by the Homeowner's Association Insurance and the type of insurance coverage that Buyer may purchase. Broker(s) recommend that Buyer consult Buyer's insurance agents during Buyer's inspection contingency period to determine the need, availability and possibility of securing any and all forms of other insurance or coverage or any conditions imposed by insurer as a requirement of issuing insurance. If Buyer does any repairs to the property during the escrow period or Buyer takes possession prior to Close of Escrow or Seller remains in possession after Close of Escrow, whether for a limited or extended period of time, Broker(s) recommend that Buyer and Seller each consult with their own insurance agent regarding insurance or coverage that could protect them in the transaction (including but not limited to: personal property, flood, earthquake, umbrella and renter's). Buyer and Seller are advised that traditional title insurance generally protects Buyer's title acquired through the sale of the property. While all title insurance policies, as do all insurance policies, contain some exclusions, some title insurance policies contain exclusions for any liability arising from a previous foreclosure. This can occur when a short sale has occurred but the lender mistakenly has also proceeded with a foreclosure. Buyer is strongly advised to consult with a title insurer to satisfy themselves that the policy to be provided adequately protects their title to the property against other possible claimants. Brokers do not have expertise in this area.
9. **LAND LEASE:** Buyer and Seller are advised that certain developments are built on leased land. This means that: (i) Buyer does not own the land, (ii) the right to occupy the land will terminate at some point in time, (iii) the cost to lease the land may increase at some point in the future, and (iv) Buyer may not be able to obtain title insurance or may have to obtain a different type of title insurance. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an attorney or other appropriate professional. Brokers do not have expertise in this area.

10. MARIJUANA, CANNABIS, AND METHAMPHETAMINE LABS: Buyer and Seller are advised that California law permits individual patients to cultivate, possess and use marijuana for medical purposes. Furthermore, California law permits primary caregivers, lawfully organized cooperatives, and collectives to cultivate, distribute and possess marijuana for medicinal purposes. California law also allows recreational use of marijuana for adults, as well as limited rights for individuals to grow and cultivate marijuana, and rights of others, subject to a licensing process, to grow, cultivate and distribute marijuana for recreational use. California's medical and recreational marijuana laws are in direct conflict with federal law which recognizes no lawful use for marijuana and has no exemptions for medical use. Federal criminal penalties, some of which mandate prison time, remain in effect for the possession, cultivation and distribution of marijuana. Buyer and Seller are strongly advised to seek legal counsel as to the legal risks and issues surrounding owning or purchasing a property where medical or any other marijuana activity is taking place. Marijuana storage, cultivation and processing carry the risk of causing mold, fungus or moisture damage to a property, additionally, some properties where marijuana has been cultivated have had alterations to the structure or the electrical system which may not have been done to code or with permits and may affect the safety of the structure or the safe operation of the electrical system. Buyer is strongly advised to retain an environmental hygienist contractor and other appropriate professionals to inspect a property where medical or any other marijuana activity has taken place. Broker recommends that Buyer and Seller involved with a property where there is medical marijuana activity or where it may take place review the California Attorney General's Guidelines for the "Security and Non-Diversion of Marijuana Grown for Medical Use" <https://oag.ca.gov/system/files/attachments/press-docs/MEDICINAL%20CANNABIS%20Guidelines.pdf> and the U.S. Department of Justice memo regarding marijuana prosecutions at <https://www.justice.gov/opa/press-release/file/1022196/download>. Brokers do not have expertise in this area. While no state law permits the private production of methamphetamine, some properties have been the site of an illegal methamphetamine laboratory. State law imposes an obligation to notify occupants, a ban on occupying the property and clean up requirements when authorities identify a property as being contaminated by methamphetamine. Buyer is advised that a property where methamphetamine has been produced may pose a very serious health risk to occupants. Buyer is strongly advised to retain an environmental hygienist contractor or other appropriate professionals to inspect the property if methamphetamine production is suspected to have taken place. Brokers do not have expertise in this area.

11. OWNER'S TITLE INSURANCE: The Truth in Lending/RESPA integrated disclosure (TRID) established by the Consumer Financial Protection Bureau (CFPB) requires that lenders must tell borrowers that title insurance is "optional." While obtaining an owner's policy of title insurance may be "optional", it may be a contractual requirement as between Buyer and Seller. Furthermore, California Civil Code § 1057.6 requires that Buyers be provided with the following notice: "IMPORTANT: IN A PURCHASE OR EXCHANGE OF REAL PROPERTY, IT MAY BE ADVISABLE TO OBTAIN TITLE INSURANCE IN CONNECTION WITH THE CLOSE OF ESCROW SINCE THERE MAY BE PRIOR RECORDED LIENS AND ENCUMBRANCES WHICH AFFECT YOUR INTEREST IN THE PROPERTY BEING ACQUIRED. A NEW POLICY OF TITLE INSURANCE SHOULD BE OBTAINED IN ORDER TO ENSURE YOUR INTEREST IN THE PROPERTY THAT YOU ARE ACQUIRING."

Additionally, even the CFPB on its "ask CFPB" "What is owner's title insurance?" page advises "You may want to buy an owner's title insurance policy, which can help protect your financial interest in the home." Moreover, not obtaining an owner's policy may increase the cost of the lender's policy (required by most lenders), possibly require the separate purchase of a preliminary title report, and may have an impact on the sale of the Property in the future.

Buyers who decide to opt out of obtaining an owner's title insurance policy are acting against the advice of Brokers as well as the advice provided in the California Civil Code 1057.6 and by the CFPB. Brokers do not have expertise in this area.

12. RENT AND EVICTION CONTROL LAWS AND ORDINANCES: Buyer and Seller are advised that California and some cities and counties impose or may impose restrictions that limit the rent that can be charged to a tenant, the maximum number of tenants who can occupy the property, the right of a landlord to terminate a tenancy and the costs to do so. If Buyer wants further information, Broker(s) recommend that Buyer investigate the issue with an appropriate government authority or HOA during Buyer's inspection contingency period. Brokers do not have expertise in this area.

13. RETROFIT, BUILDING REQUIREMENTS, AND POINT OF SALE REQUIREMENTS: Buyer and Seller are advised that state and local Law may require (i) the installation of operable smoke detectors, (ii) bracing or strapping of water heaters, and (iii) upon sale completion of a corresponding written statement of compliance that is delivered to Buyer. Although not a point of sale or retrofit obligation, state law may require the property to have operable carbon monoxide detection devices. Additionally, some city and county governments may impose additional retrofit standards at time of sale including, but not limited to, installing or retrofitting low-flow toilets and showerheads, gas shut-off valves, fireplaces, and tempered glass. Further, there may be potential health impacts from air pollution caused from burning wood. Exposure to particulate matter from the smoke may cause short-term and long-term health effects. Buyers should consult with licensed professional to inspect, properly maintain, and operate a wood burning stove or fireplace. Broker(s) recommend that Buyer and Seller consult with the appropriate government agencies, inspectors, and other professionals to determine the retrofit standards for the Property, the extent to which the Property complies with such standards, and the costs, if any, of compliance. Brokers do not have expertise in this area.

- 14. SHORT TERM RENTALS AND RESTRICTIONS:** Buyer and Seller are advised that some cities, counties and Homeowner Associations (HOAs) do impose or may impose restrictions that limit or prohibit the right of the owner or occupant to rent-out the Property for short periods of time (usually 30 Days or less). In short term rentals, as well as all rentals, Buyer and Seller are advised to seek assistance to ensure compliance with all fair housing laws and regulations. If Buyer wants further information, Broker(s) recommend that Buyer investigate the issue with an appropriate government authority or HOA during Buyer's inspection contingency period. Brokers do not have expertise in this area.
- 15. VIEWS:** Buyer and Seller are advised that present views from the Property may be affected by future development or growth of trees and vegetation on adjacent properties and any other property within the line of sight of the Property. Brokers make no representation regarding the preservation of existing views. If Buyer wants further information, Broker(s) recommend that Buyer review covenants, conditions and restrictions, if any, and contact neighboring property owners, government agencies and homeowner associations, if any, during Buyer's inspection contingency period. Brokers do not have expertise in this area.
- 16. SWIMMING POOL, SECURITY AND SAFETY:** Buyer and Seller are advised that state and local Law may require the installation of barriers, anti-entrapment grates, access alarms, self-latching mechanisms, pool covers, exit alarms and/or other measures to decrease the risk to children and other persons of existing swimming pools and hot tubs, as well as various fire safety and other measures concerning other features of the Property. Compliance requirements differ from city to city and county to county. Unless specifically agreed, the Property may not be in compliance with these requirements. If Buyer wants further information, Broker(s) recommend that Buyer contact local government agencies about these restrictions and other requirements. State law requires that new pools and spas be equipped with at least two of seven specified drowning prevention safety features. Home inspectors have a statutory obligation to perform a noninvasive physical examination of the pool area to identify which safety features are present. Brokers do not have expertise in this area.
- 17. WATER SHORTAGES AND CONSERVATION:** Buyer and Seller are advised that the Property may be located in an area that could experience water shortages. The policies of local water districts and the city or county in which the Property is located can result in the occurrence of any or all of the following: (i) limitations on the amount of water available to the Property, (ii) restrictions on the use of water, and (iii) an increasingly graduated cost per unit of water use, including, but not limited to, penalties for excess usage. For further information, Broker recommends that Buyer contact the supplier of water to the Property regarding the supplier's current or anticipated policies on water usage and to determine the extent to which those policies may affect Buyer's intended use of the Property. If the Property is serviced by a private well, Buyer is advised that drought conditions and/or a low water table may make it necessary to arrange, through a private supplier, for delivery of water to the Property. Buyers should contact water truck companies for the costs involved. Brokers do not have expertise in this area.
- 18. 1915 IMPROVEMENT BOND MELLO-ROOS COMMUNITY DISTRICT, AND OTHER ASSESSMENT DISTRICTS:** Buyer and Seller are advised that the Property may be subject to an improvement bond assessment under the Improvement Bond Act of 1915, a levy of a special tax pursuant to a Mello-Roos Community Facilities district, and/or a contractual assessment as provided in Section 5898.24 of the Streets And Highways Code or other assessment districts. Seller is generally required to make a good faith effort to obtain a disclosure notice from any local agency collecting such taxes and deliver such notice to Buyers. If there is a question as to whether an existing bond or assessment will be prorated as of the close of escrow, or whether Seller will pay off the bond or assessment at close of escrow, Buyers are advised to discuss the matter with the appropriate entity and address the responsibility for payment in negotiations for the purchase agreement or amendment prior to removing contingencies. Some cities and other localities have begun, or have the intention to begin, the process of requiring the replacement of utility poles by requiring that utility lines be buried underground. These projects can result in special tax assessments and set-up costs that are imposed on individual property owners. Brokers do not have expertise in this area.

C. Off-Site and Neighborhood Conditions

- 1. GOLF COURSE DISCLOSURES:** Buyer and Seller are advised that if the Property is located adjacent to or near a golf course the following may apply: (i) Stray golf balls – Any residence near a golf course may be affected by errant golf balls, resulting in personal injury or destruction to property. Golfers may attempt to trespass on adjacent property to retrieve golf balls even though the project restrictions may expressly prohibit such retrieval. (ii) Noise and lighting – The noise of lawn mowers irrigation systems and utility vehicles may create disturbances to homeowners. Maintenance operations may occur in the early morning hours. Residents living near the clubhouse may be affected by extra lighting, noise, and traffic. (iii) Pesticides and fertilizer use – A golf course may be heavily fertilized, as well as subjected to other chemicals during certain periods of the year. (iv) Irrigation system – Golf course sprinkler systems may cause water overspray upon adjacent property and structures. Also the irrigation system of a golf course may use reclaimed and retreated wastewater. (v) Golf carts – Certain lots may be affected more than others by the use of golf carts. Lots adjacent to a tee or putting green may be subject to noise disturbances and loss of privacy. (vi) Access to golf course from residences – It is likely that most residences will not have direct access from their lots to the golf course. The project restrictions may disclaim any right of access or other easements from a resident's lot onto the golf course. (vii) View obstruction – Residents living near a golf course may have their views over the golf course impacted by maturing trees and landscaping or by changes to the course's configuration. (viii) Water restrictions – As some municipalities face water shortages, the continued

availability of water to the golf course may be restricted or otherwise reduced by the local water agency. If Buyer wants further information, Broker(s) recommend that Buyer contact the local water agency regarding this matter. Brokers do not have expertise in this area.

2. **NEIGHBORHOOD, AREA, PERSONAL FACTORS, BUYER INTENDED USE, HIGH SPEED RAILS, AND SMOKING RESTRICTIONS:** Buyer and Seller are advised that the following may affect the Property or Buyer's intended use of it: neighborhood or area conditions, including schools, proximity and adequacy of law enforcement, crime, fire protection, other government services, availability, adequacy and cost of any speed-wired, wireless internet connections or other telecommunications or other technology services and installations, proximity to medical marijuana growing or distribution locations, cell phone towers, manufacturing, commercial, industrial, airport or agricultural activities or military ordnance locations, existing and proposed transportation, construction, and development, any other source that may affect noise, view, traffic, or odor, wild and domestic animals, susceptibility to tsunami and adequacy of tsunami warnings, other nuisances, hazards, or circumstances, protected species, wetland properties, botanical diseases, historic or other governmentally-protected sites or improvements, cemeteries, conditions and influences of significance to certain cultures and/or religions, and personal needs, requirements and preferences of Buyer and FAA requirements for recreational and non-recreational use of Unmanned Aircraft Systems (UAS) (drones) (see UAS frequently asked questions <http://www.faa.gov/uas/faqs/>). California is potentially moving toward high speed rail service between Northern and Southern California. This rail line could have an impact on the Property if it is located nearby. More information on the timing of the project and routes is available from the California High-Speed Rail Authority at www.cahighspeedrail.ca.gov/. The State of California has long-standing no smoking laws in place restricting smoking in most business and some public spaces. Local jurisdictions may enact laws that are more restrictive than state law. Many California cities have enacted restrictions on smoking in parks, public sidewalks, beaches and shopping areas. Some jurisdictions have restrictions entirely banning smoking inside privately owned apartments and condominiums as well as in the common areas of such structures, or limiting smoking to certain designated areas. If Buyer wants further information, Broker(s) recommend that Buyer contact local government agencies about these restrictions. Brokers do not have expertise in this area.
3. **NEIGHBORHOOD NOISE SOURCES:** Buyer and Seller are advised that even if the Property is not in an identified airport noise influence area, the Property may still be subject to noise and air disturbances resulting from airplanes and other aircraft, commercial or military or both, flying overhead. Other common sources of noise include nearby commercial districts, schools, traffic on streets, highways and freeways, trains and general neighborhood noise from people, dogs and other animals. Noise levels and types of noise that bother one person may be acceptable to others. Buyer is advised to satisfy him/herself with regard to any sources of and amounts of noise at different times of day and night. Brokers do not have expertise in this area.
4. **SCHOOLS:** Buyer and Seller are advised that children living in the Property may not, for numerous reasons, be permitted to attend the school nearest the Property. Various factors including, but not limited to, open enrollment policies, busing, overcrowding and class size reductions may affect which public school serves the Property. School district boundaries are subject to change. Buyer is advised to verify whether the Property is now, and at the Close of Escrow will be, in the school district Buyer understands it to be in and whether residing in the Property entitles a person to attend any specific school in which that Buyer is interested. Broker(s) recommend that Buyer contact the local school or school district for additional information during Buyer's inspection contingency period. Brokers do not have expertise in this area.
5. **UNDERGROUND PIPELINES AND UTILITIES:** Throughout California underground pipelines transport natural gas, liquid fuel and other potentially hazardous materials. These pipelines may or may not provide utility services to the Property. Information about the location of some of the pipelines may be available from a company that also provides disclosures of natural and other hazards or from other sources of public maps or records. Proximity to underground pipelines, in and of itself, does not affirmatively establish the risk or safety of the property. If Buyer wants further information about these underground pipelines and utilities, Buyer is advised to consult with appropriate experts during Buyer's inspection contingency period. Brokers do not have expertise in this area.

D. Legal Requirements (Federal, State and Local)

1. **DEATH ON THE PROPERTY:** California Civil Code Section 1710.2 protects a seller from: (i) failing to disclose a death on the property that occurred more than 3 years before a buyer has made an offer on a property; and (ii) failing to disclose if an occupant of a property was afflicted with HIV/AIDS, regardless of whether a death occurred or if so, when. Section 1710.2 does not protect a seller from making a misrepresentation in response to a direct inquiry. If the Buyer has any concerns about whether a death occurred on the Property or the manner, location, details or timing of a death, the buyer should direct any specific questions to the Seller in writing. Brokers do not have expertise in this area.
2. **EARTHQUAKE FAULT ZONES AND SEISMIC HAZARD ZONES:** Buyer and Seller are advised that California Public Resources Code Sections 2622 and 2696 require the delineation and mapping of "Earthquake Fault Zones" along known active faults and "Seismic Hazard Zones" in California. Affected cities and counties must regulate certain development projects within these zones. Construction or development on affected properties may be subject to the findings of a geological report prepared by a registered California geologist. Generally, Seller must disclose if the Property is in such a zone and can use a research company to aid in the process. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer make independent inquiries with such research companies or

with appropriate government agencies concerning the use and improvement of the Property. Buyer is advised that there is a potential for earthquakes and seismic hazards even outside designated zones. Brokers do not have expertise in this area.

3. **EPA's LEAD-BASED PAINT RENOVATION, REPAIR AND PAINTING RULE:** The new rule requires that contractors and maintenance professionals working in pre-1978 housing, child care facilities, and schools with lead-based paint be certified; that their employees be trained; and that they follow protective work practice standards. The rule applies to renovation, repair, or painting activities affecting more than six square feet of lead-based paint in a room or more than 20 square feet of lead-based paint on the exterior. Enforcement of the rule begins October 1, 2010. See the EPA website at <http://www.epa.gov/lead> for more information. Buyer and Seller are advised to consult an appropriate professional. Brokers do not have expertise in this area.
4. **FIRE HAZARDS:** Buyer and Seller are advised that fires annually cause the destruction of thousands of homes. Due to varied climate and topography, certain areas have higher risks of fires than others. Certain types of materials used in home construction create a greater risk of fire than others. If the Property is located within a State Fire Responsibility Area or a Very High Fire Hazard Zone, generally Seller must disclose that fact to Buyer under California Public Resources Code Section 4136 and California Government Code Sections 51178 and 51183.5, and may use a research company to aid in the process. Owners of property may be assessed a fire prevention fee on each structure on each parcel in such zones. The fee may be adjusted annually commencing July 1, 2013. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer contact the local fire department and Buyer's insurance agent regarding the risk of fire. Buyer is advised that there is a potential for fires even outside designated zones. Brokers do not have expertise in this area.
5. **FIRPTA/CALIFORNIA WITHHOLDING:** Buyer and Seller are advised that: (i) Internal Revenue Code Section 1445, as of February 17, 2016, requires a Buyer to withhold and to remit to the Internal Revenue Service 15% of the purchase price of the property if the Seller is a non-resident alien, unless an express exemption applies. Only 10% needs to be withheld if the Buyer acquires the property as Buyer's residence and the price does not exceed \$1,000,000. Seller may avoid withholding by providing Buyer a statement of non-foreign status. The statement must be signed by Seller under penalty of perjury and must include Seller's tax identification number. Buyer can also avoid having to withhold Federal taxes from Seller's Proceeds if the property price is \$300,000 or less, and the Buyer signs an affidavit stating Buyer intends to occupy the property as a principal residence. (ii) California Revenue and Taxation Code Section 18662 requires that a Buyer withhold and remit to the California Franchise Tax Board 3 1/3% of the purchase price of the property unless the Seller signs an affidavit that the property was the Seller's (or the decedent's, if a trust or probate sale) principal residence or that the sales price is \$100,000 or less or another express exemption applies. Exemptions from withholding also apply to legal entities such as corporations, LLCs, and partnerships. Brokers cannot give tax or legal advice. Broker recommends that Buyer and Seller seek advice from a CPA, attorney or taxing authority. Brokers do not have expertise in this area.
6. **FLOOD HAZARDS:** Buyer and Seller are advised that if the Property is located within a Special Flood Hazard Area, as designated by the Federal Emergency Management Agency (FEMA), or an area of Potential Flooding pursuant to California Government Code Section 8589.3, generally Seller must disclose this fact to Buyer and may use a research company to aid in the process. The National Flood Insurance Program was established to identify all flood plain areas and establish flood-risk zones within those areas. The program mandates flood insurance for properties within high-risk zones if loans are obtained from a federally-regulated financial institution or are insured by any agency of the United States Government. The extent of coverage and costs may vary. If Buyer wants further information, Broker(s) recommend that Buyer consult his or her lender and/or insurance agent during Buyer's inspection contingency period. Buyer is advised that there is a potential for flooding even outside designated zones. Brokers do not have expertise in this area.
7. **MEGAN'S LAW DATABASE DISCLOSURE:** Notice: Pursuant to Section 290.46 of the Penal Code, information about specific registered sex offenders is made available to the public via an Internet Web site maintained by the Department of Justice at <http://www.meganslaw.ca.gov/>. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP Code in which he or she resides. (Neither Seller nor Brokers, in any, are required to check this website. If Buyer wants further information, Buyer should obtain information directly from this website.) Brokers do not have expertise in this area.
8. **NOTICE OF YOUR SUPPLEMENTAL PROPERTY TAX BILL; ACCURATE SALES PRICE REPORTING:** Buyer and Seller are advised that pursuant to Civil Code § 1102.6(c), Seller, or his or her agent, is required to provide the following notice to the Buyer:

"California property tax law requires the Assessor to revalue real property at the time the ownership of property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes.

The supplemental tax bills are not mailed to your lender. Even if you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector. If you have any questions concerning this matter, please call your Tax Collector's Office."

Although the notice refers to loan closing as a trigger, it is actually the change of ownership which triggers this reassessment of property taxes. Therefore, the Property can be reassessed even if there is no loan involved in the purchase of the Property. The Purchase Agreement may allocate supplemental tax bills received after the Close of Escrow to the Buyer. A change (preliminary change) of ownership form is generally required to be filed by the Buyer with the local taxing agency. The form identifies the sales price of the Property. An assessor may value the Property at its fair market value regardless of the sales price declared by the Buyer. If Buyer wants further information concerning these matters, Broker(s) recommend that Buyer discuss the issue with the County Assessor or Tax Collector or their own tax or legal advisor. Brokers do not have expertise in this area.

- 9. ZONE MAPS MAY CHANGE:** Maps that designate, among other things, Earthquake Fault Zones, Seismic Hazard Zones, State Fire Responsibility Areas, Very High Fire Hazard Zones, Special Flood Hazard Areas, and Potential Flooding Areas are occasionally redrawn by the applicable Government Agency. Properties that are currently designated in a specified zone or area could be removed and properties that are not now designated in a specified zone or area could be placed in one or more such zones or areas in the future. A property owner may dispute a FEMA flood hazard location by submitting an application to FEMA. Brokers do not have expertise in this area.

E. Contract Related Issues and Terms

- 1. ARBITRATION:** Buyer and Seller are advised that arbitration is a process by which the disputing parties hire a neutral person to render a binding decision. Generally, arbitration is faster and less expensive than resolving disputes by litigating in court. The rules are usually less formal than in court, and it is a private process not a matter of public record. By agreeing to arbitration, the parties give up the right to a jury trial and to appeal the arbitrator's decision. Arbitration decisions have been upheld even when arbitrators have made a mistake as to the law or the facts. If the parties agree to arbitration, then after first attempting to settle the dispute through mediation, any dispute arising out of their agreement (with a few limited exceptions) must be submitted to binding arbitration. Buyer and Seller must weigh the benefits of a potentially quicker and less expensive arbitration against giving up the right to a jury trial and the right to appeal. Brokers cannot give legal advice regarding these matters. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to arbitration. Brokers do not have expertise in this area.
- 2. ELECTRONIC SIGNATURES:** The ability to use electronic signatures to sign legal documents is a great convenience, facilitating the ability to send and receive documents and reach agreement in a real estate transaction. However, Buyers and Sellers are cautioned to carefully read each provision. Arrows indicating "sign here" are merely there for the convenience of finding the next signature line. Only sign if you have taken the time necessary to read each document thoroughly, have full knowledge, and consent to the terms provided in the document. Brokers strongly advise Buyers and Sellers to read the entire document before signing even if they have reviewed an earlier draft. Do not just scroll through or skip to the next signature line. You are signing a legally binding agreement. Read it carefully. Ask your Broker, Agent or legal advisor if you have questions or do not understand a provision, and sign only if you agree to be bound by the terms. Brokers do not have expertise in this area.
- 3. ESCROW FUNDS:** Buyer and Seller are advised that California Insurance Code Section 12413.1 provides that escrow companies cannot disburse funds unless there are sufficient "good funds" to cover the disbursement. "Good funds" are defined as cash, wire transfers and cashiers' or certified checks drawn on California depositories. Escrow companies vary in their own definitions of "good funds." Broker(s) recommend that Buyer and Seller ask the escrow company regarding its treatment of "good funds." All samples and out-of-state checks are subject to waiting periods and do not constitute "good funds" until the money is physically transferred to and received by the escrow holder. Brokers do not have expertise in this area.
- 4. HOME WARRANTY:** Buyer and Seller are advised that Buyer and Seller can purchase home warranty plans covering certain standard systems of the Property both before and after Close of Escrow. Seller can obtain coverage for the Property during the listing period. For an additional premium, an upgraded policy providing additional coverage for air conditioning, pool and spa and other features can be purchased. Home warranties do not cover every aspect of the Property and may not cover inspections or upgrades for repairs required by state or federal laws or pre-existing conditions. Broker(s) recommend that Buyer review the policy for details. Brokers do not have expertise in this area.
- 5. IDENTIFICATION OF NATURAL PERSONS BEHIND SHELL COMPANIES IN ALL-CASH TRANSACTIONS:** The U.S. Treasury Department's Financial Crimes Enforcement Network (FinCEN) has issued Geographic Targeting Orders (GTOs) targeting alleged money laundering risk in the real estate sector. The GTOs will temporarily require U.S. title insurance companies to identify the natural persons behind shell companies used to pay "all cash" for high-end residential real estate in certain major metropolitan areas. FinCEN explained that it remains concerned that all-cash purchases (i.e., those without bank financing) may be conducted by individuals attempting to hide their assets and identity by purchasing residential properties through limited liability companies or other similar structures. Since the original issuance, the GTOs have been renewed and may continue to be renewed. The GTOs cover the following areas in California: Los Angeles, San Francisco, San Mateo, Santa Clara and San Diego Counties. The monetary thresholds for each county is \$300,000. GTOs have helped law enforcement identify possible illicit activity. FinCEN reported that a significant portion of covered transactions have dictated possible criminal activity associated with the individuals reported to be the beneficial owners behind shell company purchasers. Brokers do not have expertise in this area.

6. **LIQUIDATED DAMAGES:** Buyer and Seller are advised that a liquidated damages clause is a provision Buyer and Seller can use to agree in advance to the amount of damages that a seller will receive if a buyer breaches the Agreement. The clause usually provides that a seller will retain a buyer's initial deposit paid if a buyer breaches the agreement, and generally must be separately initialed by both parties and meet other statutory requirements to be enforceable. For any additional deposits to be covered by the liquidated damages clause, there generally must be another separately signed or initialed agreement (see C.A.R. Form RID). However, if the Property contains from 1 to 4 units, one of which a buyer intends to occupy, California Civil Code Section 1675 limits the amount of the deposit subject to liquidated damages to 3% of the purchase price. Even though both parties have agreed to a liquidated damages clause, an escrow company will usually require either a judge's or arbitrator's decision or instructions signed by both parties in order to release a buyer's deposit to a seller. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to a liquidated damages clause. Brokers do not have expertise in this area.
7. **MEDIATION:** Buyer and Seller are advised that mediation is a process by which the parties hire a neutral person to facilitate discussion and negotiation between the parties with the goal of helping them reach a settlement of their dispute. The parties generally share in the cost of this confidential, non-binding negotiation. If no agreement is reached, either party can pursue further legal action. Under C.A.R. Form RPA-CA: (i) the parties must mediate any dispute arising out of their agreement (with a few limited exceptions, such as matters within the jurisdiction of a small claims court) before they resort to arbitration or court, and (ii) if a party proceeds to arbitration or court without having first attempted to mediate the dispute, that party risks losing the right to recover attorney fees and costs even if he or she prevails. Brokers do not have expertise in this area.
8. **NON CONFIDENTIALITY OF OFFERS:** Buyer is advised that Seller or Listing Agent may disclose the existence, terms, or conditions of Buyer's offer, unless all parties and their agent have signed a written confidentiality agreement (such as C.A.R. Form CND). Whether any such information is actually disclosed depends on many factors, such as current market conditions, the prevailing practice in the real estate community, the Listing Agent's marketing strategy and the instructions of the Seller. Brokers do not have expertise in this area.
9. **ONLINE OR WIRE FUNDS TRANSFERS:** Instructions for the online or wire transfer of escrow deposits have been known to be intercepted by hackers who alter them so that Buyer's funds are actually wired to accounts controlled by criminals rather than the escrow company. Buyers should exercise extreme caution in making electronic funds transfers, verifying that the organization they are transferring funds to is, in fact, the escrow company and that their own bank account information is not being exposed. See C.A.R. Form WFA for further information. Brokers do not have expertise in this area.

F. Other Factors Affecting Property

1. **COMMUNITY ENHANCEMENT AND PRIVATE TRANSFER FEES:** Buyer and Seller are advised that some areas or communities may have enhancement fees or user-type fees, or private transfer taxes and fees, over and above any stated fees. The Federal Housing Finance Agency has issued a rule that prohibits Fannie Mae and Freddie Mac from purchasing loans made on properties with private transfer fees if those fees were established on or after February 8, 2011. See title 12 Code of Federal Regulations Section 1228 for more information and exceptions. Private transfer fees: (i) may last for a fixed period of time or in perpetuity, (ii) are typically calculated as a percentage of the sales price, and (iii) may have private parties, charitable organizations or interest-based groups as their recipients who may use the funds for social issues unrelated to the property. Brokers do not have expertise in this area.
2. **GENERAL RECALL/DEFECTIVE PRODUCT/CLASS ACTION INFORMATION:** Buyer and Seller are advised that government entities and manufacturers may at any time issue recall notices and/or warnings about products that may be present in the Property, and that these notices or warnings can change. The following nonexclusive, non-exhaustive list contains examples of recalled/defective products/class action information: horizontal furnaces, Whirlpool Microwave Hood Combination; RE-ConBuilding products roof tiles; Central Sprinkler Company Fire Sprinklers; Robert Shaw Water Heater Gas Control Valves; Trex Decking; water heaters; aluminum wiring; galvanized, abs, polybutylene PEX, KITEC® and copper pipe; and dry wall manufactured in China. There is no single, all-inclusive source of information on product recalls, defective products or class actions; however, the U.S. Consumer Product Safety Commission (CPSC) maintains a website that contains useful information. If Buyer wants further information regarding the items listed above, Broker(s) recommend that Buyer review the CPSC website at <http://www.cpsc.gov/> during Buyer's inspection contingency period. Another source affiliated with the CPSC is <http://saferproducts.gov/> which allows a Buyer to search by product type or product name. Buyer may also search using the various search engines on the Internet for the specified product or products in question. Brokers recommend that Buyer satisfy themselves regarding recalled or defective products. Brokers will not determine if any aspect of the Property is subject to a recall or is affected by a class action lawsuit. Brokers do not have expertise in this area.

- 3. HOMEOWNER ASSOCIATIONS AND COVENANTS, CONDITIONS AND RESTRICTIONS ("CC&Rs"); CHARGING STATIONS; FHAVA APPROVAL:** Buyer and Seller are advised that if the Property is a condominium, or located in a planned unit development, or in a common interest subdivision, there are typically restrictions on use of the Property and rules that must be followed. Restrictions and rules are commonly found in Declarations and other governing documents. Further there is likely to be a homeowner association (HOA) that has the authority to affect the Property and its use. Whether or not there is a HOA, the Property may still be subject to CC&Rs restricting use of the Property. The HOA typically has the authority to enforce the rules of the association, assess monetary payments (both regular monthly dues and special assessments) to provide for the upkeep and maintenance of the common areas, and enforce the rules and assessment obligations. If you fail to abide by the rules or pay monies owed to the HOA, the HOA may put a lien against your Property. Additionally, if an electric vehicle charging station is installed in a common area or an exclusive use common area, each Seller whose parking space is on or near that charging station must disclose its existence and that the Buyer will have the responsibilities set forth in California Civil Code §4745. The law requires the Seller to provide the Buyer with the CC&Rs and other governing documents, as well as a copy of the HOA's current financial statement and operating budget, among other documents. Effective July 1, 2016, a Common Interest Development (CID) will be required to include in its annual budget report a separate statement describing the status of the CID as a Federal Housing Administration or Department of Veterans Affairs approved Development. While the purchase agreement and the law require that the annual budget be provided by Seller to Buyer, Brokers will not and cannot verify the accuracy of information provided by the CID. Buyer is advised to carefully review all HOA documents provided by Seller and the CC&Rs, if any, and satisfy him/herself regarding the use and restrictions of the Property, the amount of monthly dues and/or assessments, the adequacy of reserves, current and past insurance coverage and claims, and the possibility of any legal action that may be taken by or against the HOA. The HOA may not have insurance or may not cover personal property belonging to the owner of the unit in the condominium, common interest or planned unit development. For more information Buyer may request from Broker the C.A.R. Legal Q&A titled: "Homeowners' Associations: A Guide for REALTORS®". Brokers do not have expertise in this area.
- 4. LEGAL ACTION:** Buyer and Seller are advised that if Seller or a previous owner was involved in a legal action (litigation or arbitration) affecting the Property, Buyer should obtain and review public and other available records regarding the legal action to determine: (i) whether the legal action or any resolution of it affects Buyer and the Property, (ii) if any rights against any parties involved in the legal action survive the legal action or have been terminated or waived as a result of the legal action, whether or not involving the same issue as in the legal action, and (iii) if any recommendations or requirements resulting from the legal action have been fulfilled and, if so, that Buyer is satisfied with any such action. Buyer should seek legal advice regarding these matters. Brokers do not have expertise in this area.
- 5. MARKETING; INTERNET ADVERTISING; INTERNET BLOGS; SOCIAL MEDIA:** Buyer and Seller are advised that Broker may employ a "staging" company to assist in the presentation of the Property. The furnishings and decorations in the staging are generally not included in the sale unless specifically noted in the Agreement. Statements and inclusion in the MLS entry, flyers, and other marketing materials are NOT part of the Agreement. In addition, Broker may employ a service to provide a "virtual tour" or "virtual staging" or Internet marketing of the Property, permitting potential buyers to view the Property over the Internet. While they are supposed to be an accurate representation of the property, the photos may be enhanced and not fully representative of the actual condition of the property. Further, neither the service provider nor Broker have total control over who will obtain access to materials placed on the internet or what action such persons might take. Additionally, some Internet sites and other social media provide formats for comments or opinions of value of properties that are for sale. Information on the Property, or its owner, neighborhood, or any homeowner association having governance over the Property may be found on the internet on individual or commercial web sites, blogs, Facebook pages, or other social media. Any such information may be accurate, speculative, truthful or lies, and it may or may not reflect the opinions or representations by the Broker. Broker will not investigate any such sites, blogs, social media or other internet sites or the representations contained therein. Buyer is advised to make an independent search of electronic media and online sources prior to removing any investigation contingency. Buyer and Seller are advised that Broker has no control over how long the information or photos concerning the Property will be available on the Internet or through social media, and Broker will not be responsible for removing any such content from the internet or MLS. Brokers do not have expertise in this area.
- 6. PACE LOANS AND LIENS:** The acronym PACE stands for Property Assessed Clean Energy. PACE programs allow property owners to finance energy and water conservation improvements and pay for them through an assessment on the owner's property. PACE programs are available in most areas for both residential one to four unit properties and commercial properties. PACE programs may be referred to by different names such as HERO or SCEIP, among others. If a PACE project is approved, an assessment lien is placed on a property for the amount owed plus interest. A property owner repays the entity for the improvements as a special tax assessment on the property tax bill over a period of years. A PACE lien is similar to a property tax lien in that it has "super priority." Sellers are obligated to disclose, pursuant to the C.A.R. Residential Purchase Agreement (C.A.R. Form RPA), whether any improvement is subject to a lien such as a PACE lien. Properties that are subject to PACE liens made on or after July 6, 2010 may not be eligible for financing. For more information, Buyer may request from Broker the C.A.R. Legal Q&A titled: "PACE Programs and Solar Leases". Brokers do not have expertise in this area.

7. **RE-KEYING:** All locks should be re-keyed immediately upon close of escrow so as to ensure the Buyer's safety and security of their persons as well as their personal belongings. Alarms, if any, should be serviced by professionals and codes should be changed. Garage door openers and remotes should be re-coded. In the event of a lease back to Seller after the close of escrow, Seller is advised that the Buyer is entitled to the keys as the Owner of the Property even though the Seller stays in possession of the Property as provided in the RPA.
8. **SOLAR PANEL LEASES:** Solar panel or power systems may be owned or leased. Although leased systems are probably personal property, they are included in the sale by the C.A.R. purchase agreement which also obligates the Seller to make a disclosure to the Buyer and provide the Buyer with documentation concerning the lease and system. Leasing companies generally secure payments by filing a UCC-1 (a Uniform Commercial Code form giving notice of a creditor's security interest) against the property. Buyers are given a contingency right to investigate the solar related system and documentation and assume any lease. Assumption of the lease may require Buyer to provide financial information to the leasing company who may require a credit report be obtained on the Buyer. Should a solar panel or power system be on the Property, Buyers should determine if the system is leased or owned. Buyer's willingness to assume any such lease is a contingency in favor of Seller. For more information, Buyer may request from Broker the C.A.R. Legal Q&A titled: "PACE Programs and Solar Leases". Brokers do not have expertise in this area.
9. **RECORDING DEVICES:** Audio or video recording devices or both may be present on the Property, whether or not notice of any such devices has been posted. Seller may or may not even be aware of the capability of such devices.

**WATER HEATER AND SMOKE DETECTOR
STATEMENT OF COMPLIANCE
(C.A.R. Form WHSD, Revised 11/10)**

Property Address: 20916 White Pine Dr, Tehachapi, CA 93561-8062

NOTE: A seller who is not required to provide one of the following statements of compliance is not necessarily exempt from the obligation to provide the other statement of compliance.

WATER HEATER STATEMENT OF COMPLIANCE

- STATE LAW:** California Law requires that all new and replacement water heaters and existing residential water heaters be braced, anchored or strapped to resist falling or horizontal displacement due to earthquake motion. "Water heater" means any standard water heater with a capacity of no more than 120 gallons for which a pre-engineered strapping kit is readily available. (Health and Safety Code §19211d). Although not specifically stated, the statute requiring a statement of compliance does not appear to apply to a properly installed and bolted tankless water heater for the following reasons: There is no tank that can overturn; Pre-engineered strapping kits for such devices are not readily available; and Bolting already exists that would help avoid displacement or breakage in the event of an earthquake.
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent water heater bracing, anchoring or strapping requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable water heater bracing, anchoring or strapping requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code §19211 requires the seller of any real property containing a water heater to certify, in writing, that the seller is in compliance with California State Law. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with Health and Safety Code §19211 by having the water heater(s) braced, anchored or strapped in place, in accordance with those requirements.

SMOKE DETECTOR STATEMENT OF COMPLIANCE

- STATE LAW:** California Law requires that (i) every single-family dwelling and factory built housing unit sold on or after January 1, 1986, must have an operable smoke detector, approved and listed by the State Fire Marshal, installed in accordance with the State Fire Marshal's regulations (Health and Safety Code §13113.8) and (ii) all used manufactured or mobilehomes have an operable smoke detector in each sleeping room.
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent smoke detector requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable smoke detector requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code §13113.8(b) requires every transferor of any real property containing a single-family dwelling, whether the transfer is made by sale, exchange, or real property sales contract (instalment sales contract), to deliver to the transferee a written statement indicating that the transferor is in compliance with California State Law concerning smoke detectors. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development (HCD).
- EXCEPTIONS:** Generally, a written statement of smoke detector compliance is not required for transactions for which the Seller is exempt from providing a transfer disclosure statement.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with the law by having operable smoke detector(s) (i) approved and listed by the State Fire Marshal installed in accordance with the State Fire Marshal's regulations Health and Safety Code §13113.8 or (ii) in compliance with Manufactured Housing Construction and Safety Act (Health and Safety Code §18029.6) located in each sleeping room for used manufactured or mobilehomes as required by HCD and (iii) in accordance with applicable local ordinance(s).

WATER HEATER AND SMOKE DETECTOR STATEMENT OF COMPLIANCE (WHSD PAGE 1 OF 1)

WATER-CONSERVING PLUMBING FIXTURES AND CARBON MONOXIDE DETECTOR NOTICE

(C.A.R. Form WCMD, 12/16)

Property Address: 20916 White Pine Dr, Tehachapi, CA 93561-8062

1. WATER-CONSERVING PLUMBING FIXTURES

A. INSTALLATION:

(1) Requirements: (a) Single-Family Properties. California law (Civil Code §1101.4) requires all single-family residences built on or before January 1, 1994 to be equipped with water-conserving plumbing fixtures after January 1, 2017. (b) Multifamily and Commercial Properties. Civil Code §1101.5 requires all multifamily residential and commercial properties built on or before January 1, 1994 to be equipped with water-conserving plumbing fixtures after January 1, 2019. Additionally, on and after January 1, 2014, a multifamily residential and commercial property built on or before January 1, 1994 that is altered or improved is required to be equipped with water-conserving plumbing fixtures as a condition of final approval if the alteration or improvement increases floor area space by more than 10 percent, or has a cost greater than \$150,000, or for any room in a building which requires a building permit.

(2) Exceptions: These requirements do not apply to (i) registered historical sites, (ii) real property for which a licensed plumber certified that, due to the age or configuration of the property or its plumbing, installation of water-conserving plumbing fixtures is not technically feasible, or (iii) a building for which water service is permanently disconnected. Additionally, there is a one-year exemption for any building slated for demolition, and any city or county that has adopted a retrofit requirement prior to 2009 is itself exempt. (Civil Code §§1101.6, 1101.7, and 1101.9.)

B. Disclosure of Water-Conserving Plumbing Fixtures: Although the installation of water-conserving plumbing fixtures is not a point of sale requirement, California Civil Code §§1101.4 (single family properties beginning 2017) and 1101.5 (multifamily and commercial properties beginning 2019) require the seller to disclose to the buyer the requirements concerning water-conserving plumbing fixtures and whether the property contains any noncompliant water fixtures.

C. Noncompliant Water Fixtures: Noncompliant water fixtures are any of the following: (i) any toilet manufactured to use more than 1.6 gallons of water per flush, (ii) any urinal manufactured to use more than one gallon of water per flush, (iii) any showerhead manufactured to have a flow capacity of more than 2.5 gallons of water per minute, (iv) any interior faucet that emits more than 2.2 gallons of water per minute. (Civil Code §1101.3.) Buyer and Seller are each advised to consult with their own home inspector or contractor to determine if any water fixture is noncompliant.

2. CARBON MONOXIDE DETECTORS:

A. INSTALLATION:

(1). Requirements: California law (Health and Safety Code §§13260 to 13263 and 17296 to 17296.2) requires that as of July 1, 2011, all existing single-family dwellings have carbon monoxide detectors installed and that all other types of dwelling units intended for human occupancy have carbon monoxide detectors installed on or before January 1, 2013. The January 1, 2013 requirement applies to a duplex, lodging house, dormitory, hotel, condominium, time-share and apartment, among others.

(2). Exceptions: The law does not apply to a dwelling unit which does not have any of the following: a fossil fuel burning heater or appliance, a fireplace, or an attached garage. The law does not apply to dwelling units owned or leased by the State of California, the Regents of the University of California or local government agencies. Aside from these three owner types, there are **no other owner exemptions** from the installation requirement; it applies to all owners of dwellings, be they individual banks, corporations, or other entities. There is no exemption for REO properties.

B. DISCLOSURE OF CARBON MONOXIDE DETECTORS: The Health and Safety Code does not require a disclosure regarding the existence of carbon monoxide detectors in a dwelling. However, a seller of residential 1-4 property who is required to complete a Real Estate Transfer Disclosure Statement, (C.A.R. Form TDS) or a Manufactured Home and Mobile home Transfer Disclosure Statement (C.A.R. Form MHTDS) must use section II A of that form to disclose whether or not the dwelling unit has a carbon monoxide detector.

WCMD 12/16 (PAGE 1 OF 2)

WATER-CONSERVING PLUMBING FIXTURES AND CARBON MONOXIDE DETECTOR NOTICE (WCMD PAGE 1 OF 2)

C. COMPLIANCE WITH INSTALLATION REQUIREMENT: State building code requires at a minimum, placement of carbon monoxide detectors in applicable properties outside of each sleeping area, and on each floor in a multi-level dwelling but additional or different requirements may apply depending on local building standards and manufacturer instructions. An owner who fails to install a carbon monoxide detector when required by law and continues to fail to install the detector after being given notice by a governmental agency could be liable for a fine of up to \$200 for each violation. A transfer of a property where a seller, as an owner, has not installed carbon monoxide detectors, when required to do so by law, will not be invalidated, but the seller/owner could be subject to damages of up to \$100, plus court costs and attorney fees. Buyer and Seller are each advised to consult with their own home inspector, contractor or building department to determine the exact location for installation of carbon monoxide detectors. Buyer is advised to consult with a professional of Buyer's choosing to determine whether the property has carbon monoxide detector(s) installed as required by law, and if not to discuss with their counsel the potential consequences.

3. LOCAL REQUIREMENTS: Some localities maintain their own retrofit or point of sale requirements which may include the requirement that water-conserving plumbing fixtures and/or a carbon monoxide detector be installed prior to a transfer of property. Therefore, it is important to check the local city or county building and safety departments regarding point of sale or retrofit requirements when transferring property.

The undersigned hereby acknowledge(s) receipt of a copy of this Water-Conserving Plumbing Fixtures and Carbon Monoxide Detector Notice.

AGENT VISUAL INSPECTION DISCLOSURE (CALIFORNIA CIVIL CODE § 2079 ET SEQ.)

For use by an agent when a transfer disclosure statement is required or when a seller is exempt from completing a TDS (C.A.R. Form AVID, Revised 6/19)

This inspection disclosure concerns the residential property situated in the City of Tehachapi, County of Kern County, State of California, described as 20916 White Pine Dr ("Property").

This Property is a duplex, triplex, or fourplex. This AVID form is for unit # _____ . Additional AVID forms required for other units.

Inspection Performed By (Real Estate Broker Firm Name) _____

California law requires, with limited exceptions, that a real estate broker or salesperson (collectively, "Agent") conduct a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of certain properties offered for sale and then disclose to the prospective purchaser material facts affecting the value or desirability of that property that the inspection reveals. The duty applies regardless of whom that Agent represents. The duty applies to residential real properties containing one-to-four dwelling units, and manufactured homes (mobilehomes). The duty applies to a stand-alone detached dwelling (whether or not located in a subdivision or a planned development) or to an attached dwelling such as a condominium. The duty also applies to a lease with an option to purchase, a ground lease or a real property sales contract of one of those properties.

California law does not require the Agent to inspect the following:

- Areas that are not reasonably and normally accessible
- Areas off site of the property
- Public records or permits
- Common areas of planned developments, condominiums, stock cooperatives and the like.

Agent Inspection Limitations: Because the Agent's duty is limited to conducting a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of only the Property being offered for sale, there are several things that the Agent will not do. What follows is a non-exclusive list of examples of limitations on the scope of the Agent's duty.

Roof and Attic: Agent will not climb onto a roof or into an attic.

Interior: Agent will not move or look under or behind furniture, pictures, wall hangings or floor coverings. Agent will not look up chimneys or into cabinets, or open locked doors.

Exterior: Agent will not inspect beneath a house or other structure on the Property, climb up or down a hillside, move or look behind plants, bushes, shrubbery and other vegetation or fences, walls or other barriers.

Appliances and Systems: Agent will not operate appliances or systems (such as, but not limited to, electrical, plumbing, pool or spa, heating, cooling, septic, sprinkler, communication, entertainment, well or water) to determine their functionality.

Size of Property or Improvements: Agent will not measure square footage of lot or improvements, or identify or locate boundary lines, easements or encroachments.

Environmental Hazards: Agent will not determine if the Property has mold, asbestos, lead or lead-based paint, radon, formaldehyde or any other hazardous substance or analyze soil or geologic condition.

Off-Property Conditions: By statute, Agent is not obligated to pull permits or inspect public records. Agent will not guarantee views or zoning, identify proposed construction or development or changes or proximity to transportation, schools, or law enforcement.

Analysis of Agent Disclosures: For any items disclosed as a result of Agent's visual inspection, or by others, Agent will not provide an analysis of or determine the cause or source of the disclosed matter, nor determine the cost of any possible repair.

What this means to you: An Agent's inspection is not intended to take the place of any other type of inspection, nor is it a substitute for a full and complete disclosure by a seller. Regardless of what the Agent's inspection reveals, or what disclosures are made by sellers, California Law specifies that a buyer has a duty to exercise reasonable care to protect himself or herself. This duty encompasses facts which are known to or within the diligent attention and observation of the buyer. Therefore, in order to determine for themselves whether or not the Property meets their needs and intended uses, as well as the cost to remedy any disclosed or discovered defect, **BUYER SHOULD: (1) REVIEW ANY DISCLOSURES OBTAINED FROM SELLER; (2) OBTAIN ADVICE ABOUT, AND INSPECTIONS OF, THE PROPERTY FROM OTHER APPROPRIATE PROFESSIONALS; AND (3) REVIEW ANY FINDINGS OF THOSE PROFESSIONALS WITH THE PERSONS WHO PREPARED THEM. IF BUYER FAILS TO DO SO, BUYER IS ACTING AGAINST THE ADVICE OF BROKER.**
